Yield	20 - 32 oz./946 mL bottles per pail
Dimensions	12" x 12" x 15.6" (L x W x H)
Weight	45.18 lbs. each

Chemical Transfer Options: Due to the unique characteristics of products sold in bulk, operators will need to implement a solution that will allow them to transfer product from a pail to smaller containers/ bottles. While Diversey cannot provide a transfer solution for every situation, there are simple options that will work for most.

Preferred Option: Top Mounted Manual Pump

The preferred option for dispensing chemical from an Oxivir® HC Disinfectant Cleaner 5-gallon pail is a top-mounted mechanical pump that uses a suction tube to pull/pump out the solution. These pumps attach to the Rieke flex spout found on the top of the pail lids. **For transferring Accelerated Hydrogen Peroxide AHP® products, only a corrosion resistant (non-metal) pump should be used.** Basic tools may be required for installation.

Diversey is able to provide a limited number of [Rieke MR-50-5 Pump](#) for purchase though [Plan B](#) or they can also be sourced through the manufacturer or other suppliers. Diversey Representatives are not able to purchase or provide these pumps on behalf of distributors or customers. [Click Here](#) to view an installation video for the Rieke MR-50-5 pump.

It is the responsibility of the operator to ensure the safety of users. Users should wear all proper Personal Protective Equipment (PPE), and follow all guidelines for safe handling of chemicals.

Product Labels: Aftermarket labels should always be used on any container that a chemical is transferred to. Due to high demand, Diversey may not be able to supply pre-printed aftermarket labels. Distributors and End-Users should [click here to request self-print .pdf aftermarket label files](#). Please note that it is unlawful to re-sell any dispensed chemical.

Delivery: Distributors and Redistributors must place orders for Oxivir HC Disinfectant Cleaner 5-gallon pails, in units of 24 pails (1-pallet), on a separate PO from their standard orders. If the order is greater than a truckload (28-pallets), the PO's must be split. Orders will be shipped freight pre-paid and may be shipped to a redistributor or a distributor, or they may be drop-shipped to end-user locations. All orders for Oxivir HC Disinfectant Cleaner 5-gallon pails will be processed with no additional fees (no drop ship surcharge, no over and under-weight charges, etc). At the time of order, Diversey must be notified if a liftgate or pallet jack services are required for delivery. Diversey reserves the right to place quantity limits on redistributor or distributor stocking orders if demand significantly exceeds supply capacity.

Questions: If you have questions please contact your Diversey sales manager or call Diversey Technical Customer Service (TCS) at (800) 558-2332.
