

Touch-Free Dispenser

Bulk Liquid or Gel

Touch-Free Convenience

Touch free soap dispensing brings better hygiene to any environment and helps monitor the use by controlling the amount of soap/sanitizer. No electrical connection is required, as each dispenser is economically operated by C size batteries. It also features an auto-switch function between two battery compartments for longer running times. To ensure optimum cost savings, the device has a 'sleep mode' and a capacitive sensor that prevents accidental soap delivery.

- Refillable 1.2 Liter Reservoir
- Dispenses up to 1ml per activation.
- 10.5" H x 6.5" W x 4" D

Item No.	Style	Case Pack
