CUBITRON™ II

- Cuts Faster
- Lasts Longer
- Consistent Finish

CUBITRON™ II

Introducing the Cubitron™ II Sanding Disc, a revolutionary advancement in abrasive technology featuring triangular shaped ceramic mineral. As the triangular shaped grain wears, it continually fractures to form sharp points that slice through the substrate, wear evenly and provide extra-long life and consistency.

- Cuts Faster**
 Increased throughput with faster sanding and more parts per disc
- Lasts Longer**
 Lower costs with long disc life and fewer disc changes
- Consistent Finish**
 Minimal rework due to consistent finish quality
