Operating Instructions & Parts Manual

10 Ton Electric Hydraulic Press

Model 9661612

PLEASE READ AND SAVE THESE INSTRUCTIONS. READ CAREFULLY BEFORE ATTEMPTING TO ASSEMBLE, INSTALL, OPERATE OR MAINTAIN THE PRODUCT DESCRIBED.

PROTECT YOURSELF AND OTHERS BY OBSERVING ALL SAFETY INFORMATION. FAILURE TO COMPLY WITH INSTRUCTIONS COULD RESULT IN PERSONAL INJURY AND/OR PROPERTY DAMAGE! RETAIN INSTRUCTIONS FOR FUTURE REFERENCE.

PLEASE REFER TO BACK COVER FOR INFORMATION REGARDING PALMGREN'S WARRANTY AND OTHER IMPORTANT INFORMATION.

GETTING STARTED

Save this manual

You will need this manual for the safety warnings and precautions, assembly instructions, operating and maintenance procedures, parts lists and diagrams. Keep your invoice with this manual. Write the invoice number on the inside of the front cover. Keep this manual and invoice in a safe and dry place for future reference.

Structural requirements

Make sure all supporting structures and load attaching devices are strong enough to hold your intended loads. If in doubt, consult a qualified structural engineer.

Electrical Requirements

- Requires 230V at 60 Hz, with a standard deviation of 10%
- A plug, rated for 230V, 13A, and 2.2 KW, is required to be wired. Ensure the ground wire(yellow+green) is correctly wired to the ground of the plug. It does not matter which side of the plug the two black wires are wired to.

Tools needed

Standard professional mechanic's hand tool set (i.e. hammer, screwdrivers, wrenches, socket wrenches, pliers, etc.).

UNPACKING

When unpacking, check to make sure all parts listed below are included. If any parts are missing or broken, please contact your local retailer.

IMPORTANT: Many unpainted steel surfaces have been coated with a protectant. To ensure proper fit and operation, remove the coating. Coating can be easily removed with mild solvents, such as mineral spirits, and a soft cloth. Avoid getting solution on paint or any of the rubber/plastic parts. Solvents may deteriorate these finishes. Use soap and water on paint, plastic or rubber components. After cleaning, cover all exposed surfaces with a light coating of oil.

Package Contents:

Main body	1
Cylinder	1
Motor	1
"V" type iron	2
Seal rings	1
Instruction book	1
Packing list	1
Conformity certificate	1

<u>Unpack</u>

Remove all the over packing materials, but leave unit attached to its pallet. Do not discard packing materials until after the machine has been inspected for damage and completeness. Locate loose parts and set aside.

Inspect

After unpacking the unit, carefully inspect for any damage that may have occurred during transit. Check for loose, missing or damaged parts. Shipping damage claims must be filed with the carrier.

All tools should be visually inspected before use, in addition to regular periodic maintenance inspections.

GETTING STARTED

SAFETY / SPECIFICATIONS

SAFETY RULES

Completely read and understand this A WARNING owner's manual before assembly or tool operation. Read and understand the warnings shown on the machine and in this manual. Failure to comply with all of these warnings may cause serious injury or death.

PROPOSITION 65 WARNING: Some dust created by using power tools contain chemicals known to the state of California to cause cancer, birth defects or other reproductive harm.

Some Examples of these chemicals are:

- Lead from lead-based paints
- Crystalline silica from bricks and cement and other masonry products.
- Arsenic and chromium from chemically-treated lumber.

Your risk from these exposures varies, depending on how often you do this type of work. To reduce your exposure to these chemicals: work in a well ventilated area and work with approved safety equipment. Always wear an OSHA/NIOSH approved, properly fitting face mask or respirator when using such tools.

A WARNING Always follow proper operating procedures as defined in this manual even if you are familiar with the use of this or similar tools. Remember that being careless for even a fraction of a second can result in severe personal injury.

Preparing for your job

- Wear proper apparel. Do not wear loose clothing, neckties, rings, bracelets or other jewelry which may get caught up in moving parts of machine. Do NOT wear gloves.
- Wear protective hair covering to contain long hair.
- Wear safety shoes with non-slip soles.
- Wear safety glasses complying with United States ANSI Z87.1. Everyday glasses have only impact resistant lenses. They are not safety glasses. Use guards and eye shields.
- Wear face mask or dust mask if operation is dusty. .
- Wear ANSI approved ear protection for extended operation.
- Some coolants used for machining contain chemicals that may be hazardous to your health if not used properly. Read and understand all information on the coolant container and protect yourself accordingly.
- Be alert and think clearly. Never operate power tools when tired, intoxicated or when taking medications that cause drowsiness.
- Focus your attention completely on your work. Looking • around, careless actions and other distractions can result in serious injury.

Preparing the work area for your job

- Do not use this machine in dangerous environments. Do not use it in damp or wet locations. Do not expose it to rain.
- Keep the work area clean. Cluttered work areas and work benches invite accidents. Keep the area around the machine clean of scrap metal, oil and grease.
- Keep visitors at a safe distance from work area.
- Keep children out of workplace. Make workshop childproof. Use padlocks, master switches or remove switch keys to prevent any unintentional use of power tools.
- Provide adequate space around the hydraulic press and light the area properly with non-glare, overhead lighting.
- Make certain the hydraulic press is securely anchored before use.

Maintaining your tool

- Failure to follow the guidelines in this manual can result in serious injury.
- Disconnect the tool completely from its power supply before performing any service, maintenance, repair or adjustments.
- Follow OSHA lock-out, tag-out procedures to prevent accidental machine starts.
- Consult this manual for proper use, specific maintenance, and adjustment procedures.
- Keep tool lubricated and clean for safest operation.
- Read and understand warnings posted on the machine and in this manual. Replace the warning labels if they become obscured or removed. Failure to comply with all of these warnings can result in serious injury.
- Before turning on the machine, check for damaged parts. Check for alignment of moving parts, binding, breakage, mounting issues and any other conditions that may affect the tools operation. Replace any guard or damaged part that does not function properly before using the tool.
- Before cleaning, turn off the machine and disconnect it from its power source. Use compressed air or a suitable brush to clear chips or debris - do not use your hands.

Know how to use your tool

The operation of any tool can result in **A WARNING** Ine operation of any tool of the foreign objects being thrown into the eyes, which can result in severe eye damage. Always wear safety goggles complying with United States ANSI Z87.1. before commencing power tool operation.

Think safety! Safety is a combination of operator common sense and alertness at all times when tool is being used.

The Model 9661612 Hydraulic Press is designed and intended for use by properly trained operators. You must be familiar with the proper and safe operation of a hydraulic press. Obtain proper training and knowledge before operating this machine.

4

MAINTENANCE / REPAIR

- Do not use the Model 9661612 Hydraulic Press for any use other than its intended application. Improper use of this tool revokes and voids any real or implied warranty. The manufacturer is not responsible for any injury that may result from improper use of the machine.
- Do not force an attachment to do a job it was not intended or designed for.
- Never stand on the machine or work in an awkward position. Maintain your balance. Never lean against the machine, over reach or use excessive force when working. You could tip or fall into the machine causing serious injury.
- Before connecting the machine to a power supply check to ensure the switch is in the OFF position.
- The machine must be properly grounded.
- Safety guards must be in place and operate properly in place at all times. If any guards, covers or safety devices are removed for maintenance purposes they must be replaced before using the machine.
- Never leave the machine running while it is unattended. Turn off the power and stay with the machine until it comes to a complete, full stop.
- Know your tool. Learn the tool's operation, application and specific limitations. Never force the machine to do a task it was designed for.
- Use recommended accessories. Understand and obey all safety instructions supplied with accessories. The use of improper accessories may cause risk of injury to persons.
- Always use guards and eyeshields.

SPECIFICATIONS

Model 9661612 10 Ton Electric Hydraulic Press

	•
Capacity (tons)	10
Stroke travel (inch)	8
Ram diameter (inch)	2
Table Size (inch)	18x10 with 4" dia. hole
Max distance ram to table (inch)	21
Head movement	No
Dimension (inch)	34x14x52
Weight (lbs)	600
RPM	3420
Volts	230
Amps	13
KW/HP	2.2/3
Phase	1
Operating temperature °F (°C)	50-122 (10-50)

ASSEMBLY/INSTALLATION

Power source

- The motor on this machine is designed for operation on the voltage and frequency specified. Normal loads will be handled safely on voltages not more than 10% above or below specified voltage.
- Running the unit on voltages which are not within the range may cause overheating and motor burn-out. Heavy loads require that the voltage at the motor terminals be no less than the voltage specified.

Electrical connections

A WARNING Make sure unit is turned off and disconnected from power before performing service or maintenance actions on the machine.

A WARNING This machine must be grounded. To avoid electrocution or fire, any repairs to electrical system should be done only by a qualified electrician, using genuine replacement parts.

Electrical safety

- This machine must be grounded in accordance with the National Electrical Code and local codes and ordinances. Any electrical work must be handled by a professional, qualified electrician. To help prevent and protect the user from shock, this machine must be properly grounded.
- Confirm that power supply matches power requirements of the machine before any electrical connection is made to the machine. Before connecting the machine to a power source, ensure that the switch is in the off position.

Lifting and setting up your machine

A WARNING Make certain that slings, cables, chains, forklifts or other load suspending gear or machines used to move this unit are properly rated to handle the weight. The machine is extremely heavy.

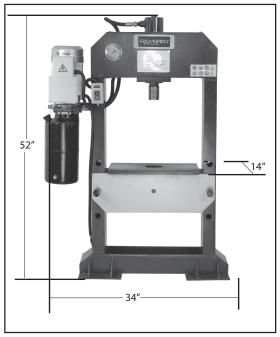

A CAUTION The machine must be properly secured and anchored before use. Make sure that it is supported equally on all four corners. Failure to comply may result in the machine twisting and causing binds in the working table.

1. Remove any crating or overpacking materials which may be covering the machine. Leave the machine attached to the pallet.

FALMGREN.

- **NOTE:** The Model 9661612 Hydraulic Press weighs 507 lbs. Be certain any machine or devices used to lift the press are capable of handling this weight. If manually lifting, ensure that enough people are performing the lift.
- 2. Ensure sufficient space is available for the press. See Machine Dimensions.
- 3. Remove all accessory items from the pallet or shipping carton. Compare these items with the list on page 3.
- 4. Remove all the nuts and/or bolts securing the machine to the pallet.
- 5. Center an overhead crane or other suitable overhead lifting device and sling arrangement over the frame.
- Carefully lift the machine off the pallet. Lift the machine no higher than necessary to clear the surface on which it is to be installed and pull the pallet out of the way. DO NOT get your hands or feet underneath the machine when removing the pallet.
- 7. Place the machine into its final location where it will be anchored to the table top. Anchor bolts of sufficient size and length must be fastened to the table top according to the footprint of the press.
- 8. When the machine is over its anchor location, level the machine using shims under the corners needing them. A highly accurate spirit or digital level should used for leveling. Leveling should be done on the table top since it is the reference standard for both side-to-side and front-to-back leveling. It is very important that the machine be properly leveled for accurate performance.
- **NOTE:** The diagram to the right shows the reasonable approximate dimensions of the machine and its parts. When determining a final location for your machine ensure there is enough clearance for both the operator and for technicians who will service the machine. Also, consider any larger workpieces that would extend beyond the machine's table and require extra space.

Machine dimensions

Lubrication

Fill the pump with 32# or 46# hydraulic oil as shown by the fill indications.

6

OPERATION

A WARNING Always wear safety glasses complying with U.S. ANSI Z87.1 before beginning any power tool operation.

CAUTION Do not operate this machine before properly lubricating the machine. Failure to lubricate the machine before using can cause damage to the machine.

A CAUTION If the temperature exceeds the maximum operating temperature (see "SPECIFICATIONS") wait until cool.

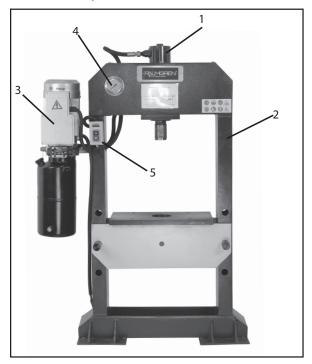

A CAUTION

Do not use the press with no load and when the piston rod is on the up dead position.

NOTE: The machine is adjusted to produce proper pressure at the factory.

The machine's functional parts

To properly operate the Model 9661612 Hydraulic Press, you must familiarize yourself with all of the machine's controls.

Item No.	Description	Part No.	Qty
1	Cylinder	9643573.01	1
2	Framework	NA	1
3	Motor	9643574.01	1
4	Hydraulic Gauge	9643575.01	1
5	On/Off Switch	9643576.01	1

Using the press

- 1. Place the part to be pressed on the worktable.
- 2. Ensure the cap of the tank, below the motor, is secure.
- 3. Press the "On" button.
- 4. Use the 3-position handle to control the direction of the press. Left for up; middle for stop; right for down.

Adjusting the table height

- 1. Unload the table of all extra items.
- 2. Lift the table support beam on one side. We recommend asking for assistance in holding the beam, although it is possible to do so only by oneself.
- 3. Extract the support pin as shown below.

- 4. Insert the pin into the next adjacent hole, either above or below the original hole. Make sure to insert the pin all the way through both the front and back of the hydraulic press frame.
- 5. Then ease the support beam back onto the pin. When done this way, only one person is required.
- 6. Repeat all previous steps for the opposite side.
- 7. Repeat until the desired height achieved.

GETTING STARTED

TROUBLESHOOTING GUIDE

Symptom	Possible Cause(s)	Corrective Action	
Ram does not move	Low oil condition	Fill oil	
Ram does not press	Cylinder valve not closed	Close cylinder valve	

8

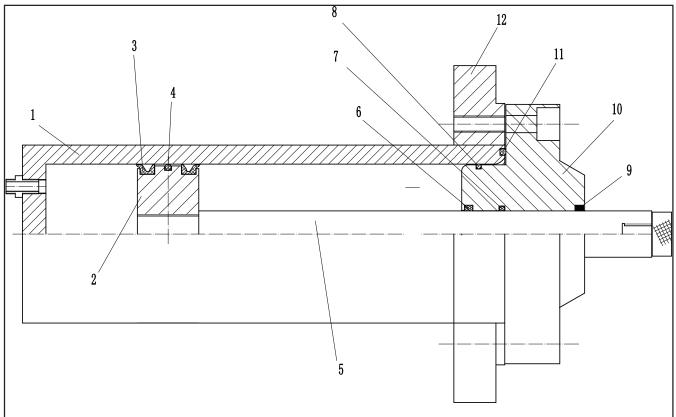

MAINTENANCE/REPAIR

- Replace hydraulic oil after the first 6 months of use. Replace hydraulic oil once a year thereafter.
- After oil replacement, actuate the piston rod several times to remove the air inside the cylinder. Install and tighten fill port when done.
- Check the parts of the press for wear regularly. Replace when necessary.

TROUBLESHOOTING

PALMGREN ONE-YEAR LIMITED WARRANTY

PALMGREN ONE-YEAR LIMITED WARRANTY. All Palmgren[®] product models covered in this manual are warranted by Palmgren Electric Mfg. Co. ("Palmgren") to the original user against defects in workmanship or materials under normal use for one year after date of purchase. If the Palmgren product is part of a set, only the portion that is defective is subject to this warranty. Any product or part which is determined to be defective in material or workmanship and returned to an authorized service location, as Palmgren or Palmgren's designee designates, shipping costs prepaid, will be, as the exclusive remedy, repaired or replaced with a new or reconditioned product or part of equal utility or a full refund given, at Palmgren's or Palmgren's designee's option, at no charge. For limited warranty claim procedures, see "Warranty Service" below. This warranty is void if there is evidence of misuse, mis-repair, mis-installation, abuse or alteration. This warranty does not cover normal wear and tear of Palmgren products or portions of them, or products or portions of them which are consumable in normal use. This limited warranty gives purchasers specific legal rights, and you may also have other rights which vary from jurisdiction to jurisdiction.

WARRANTY DISCLAIMERS AND LIMITATIONS OF LIABILITY RELATING TO ALL CUSTOMERS FOR ALL PRODUCTS

<u>LIMITATION OF LIABILITY.</u> TO THE EXTENT ALLOWABLE UNDER APPLICABLE LAW, PALMGREN'S LIABILITY FOR CONSEQUENTIAL AND INCIDENTAL DAMAGES IS EXPRESSLY DISCLAIMED. PALMGREN'S LIABILITY IN ALL EVENTS IS LIMITED TO AND SHALL NOT EXCEED THE PURCHASE PRICE PAID.

WARRANTY DISCLAIMER. A DILIGENT EFFORT HAS BEEN MADE TO PROVIDE PRODUCT INFORMATION AND ILLUSTRATE THE PRODUCTS IN THIS LITERATURE ACCURATELY; HOWEVER, SUCH INFORMATION AND ILLUSTRATIONS ARE FOR THE SOLE PURPOSE OF IDENTIFICATION, AND DO NOT EXPRESS OR IMPLY A WARRANTY THAT THE PRODUCTS ARE MERCHANTABLE, OR FIT FOR A PARTICULAR PURPOSE, OR THAT THE PRODUCTS WILL NECESSARILY CONFORM TO THE ILLUSTRATIONS OR DESCRIPTIONS. EXCEPT AS PROVIDED BELOW, NO WARRANTY OR AFFIRMATION OF FACT, EXPRESSED OR IMPLIED, OTHER THAN AS STATED IN THE "LIMITED WARRANTY" ABOVE IS MADE OR AUTHORIZED BY PALMGREN.

PRODUCT SUITABILITY. MANY JURISDICTIONS HAVE CODES AND REGULATIONS GOVERNING SALES, CONSTRUCTION, INSTALLATION, AND/OR USE OF PRODUCTS FOR CERTAIN PURPOSES, WHICH MAY VARY FROM THOSE IN NEIGHBORING AREAS. WHILE ATTEMPTS ARE MADE TO ASSURE THAT PALMGREN PRODUCTS COMPLY WITH SUCH CODES, PALMGREN CANNOT GUARANTEE COMPLIANCE, AND CANNOT BE RESPONSIBLE FOR HOW THE PRODUCT IS INSTALLED OR USED. BEFORE PURCHASE AND USE OF A PRODUCT, REVIEW THE SAFETY/SPECIFICATIONS, AND ALL APPLICABLE NATIONAL AND LOCAL CODES AND REGULATIONS, AND BE SURE THAT THE PRODUCT, INSTALLATION, AND USE WILL COMPLY WITH THEM.

CONSUMERS ONLY. CERTAIN ASPECTS OF DISCLAIMERS ARE NOT APPLICABLE TO CONSUMER PRODUCTS SOLD TO CONSUMERS; (A) SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU; (B) ALSO, SOME JURISDICTIONS DO NOT ALLOW A LIMITATION ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU; AND (C) BY LAW, DURING THE PERIOD OF THIS LIMITED WARRANTY, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE APPLICABLE TO CONSUMER PRODUCTS PURCHASED BY CONSUMERS, MAY NOT BE EXCLUDED OR OTHERWISE DISCLAIMED.

THIS LIMITED WARRANTY ONLY APPLIES TO UNITED STATES PURCHASERS FOR DELIVERY IN THE UNITED STATES.

WARRANTY SERVICE

To obtain warranty service if you purchased the covered product directly from W.W. Grainger, Inc. ("Grainger"), (i) write or call or visit the local Grainger branch from which the product was purchased or another Grainger branch near you (see www.grainger.com for a listing of Grainger branches); or (ii) contact Grainger by going to www.grainger.com and clicking on the "Contact Us" link at the top of the page, then clicking on the "Email us" link; or (iii) call Customer Care (toll free) at 1-888-361-8649. To obtain warranty service if you purchased the covered product from another distributor or retailer, (i) go to www.grainger.com for Warranty Service; (ii) write or call or visit a Grainger branch near you; or (iii) call Customer Care (toll free) at 1-888-361-8649. In any case, you will need to provide, to the extent available, the purchase date, the original invoice number, the stock number, a description of the defect, and anything else specified in this Palmgren One-Year Limited Warranty. You may be required to send the product in for inspection at your cost. You can follow up on the progress of inspections and corrections in the same ways. Title and risk of loss pass to buyer on delivery to common carrier, so if product was damaged in transit to you, file claim with carrier, not retailer, Grainger or Palmgren. For warranty information for purchasers and/or delivery outside the United States, please use the following applicable contact information:

Palmgren Electric Mfg. Co.,

100 Grainger Parkway, Lake Forest, IL 60045 U.S.A. or call +1-888-361-8649
