INSTRUCTIONS FOR ADJUSTING LEVELER:

Position the bed in your space and locate the leveler under each support leg.

Turn the leveler counter-clockwise to extend the leveler and clockwise to retract it.

Adjust each leveler until each support leg is applying equal, upward pressure on the bed support slat.

MAINTENANCE INSTRUCTION:

- Remove box spring and mattress before moving your bed.
- Lift your bed when moving it. Dragging can damage the leg support.
- Readjust levelers after moving your bed.
