Item #	Inner	Master	UPC	Packaging
<b>W86563</b>	20	100	039564146732	Carded

- Use to grip the glass shell of most bulbs gently and firmly eliminating the risk of shattering them
- The cup-shaped grips have a rubber coating for safe and secure handling of fragile bulbs and LEDs
- Minimize the risk of damaging the bulb or fixture when dealing with limited access lighting

- The mini bulb tool is a scissors-like device that's suited for right or left-handed users
- 4-5/8-inch-long alloy steel body with cushion finger holes and rubber-coated cup-shaped grips
- For all types of bulbs, and LED's including bayonet, screw, wedge base, and heated
