3M™ Stainless Steel Cleaner and Protector Ready-to-Use

Description

3M™ Stainless Steel Cleaner and Protector is a streak-free, fast drying formula specifically designed for stainless steel and certain other metal surfaces. 3M's Scotchgard™ Technology provides a protective barrier, making fingerprints, permanent marker, food soils such as mustard, bleach stains, urine, and toothpaste easier to clean. Treated stainless has a natural, streak-free appearance. The product is dispensed as a water thin, colorless liquid.

Special Features

- Cleans and protects in one step
- Leaves no greasy build-up on surfaces
- Allows spot cleaning of stainless surfaces without altering appearance
- Reduces the time needed to spot clean stainless surfaces compared to other cleaners & polishes tested
- Reduces the amount of product consumed to clean stainless surfaces compared to other cleaners & polishes tested
- Dye free and fragrance free
- Ready-to-use formula
- Leaves a Scotchgard™ protective barrier
- Reduces corrosion on stainless steel surfaces exposed to HCl
- Slows resoiling/dust pickup
- Reduces fingerprinting

- Dries streak free
- Dries faster than other stainless steel cleaners & polishes tested
- 100% water based-no mineral oil formulation
- Over 90% reduction in carbon compared to other cleaners & polishes tested
- Empty containers may be disposed of in sanitary landfills in accordance with local regulations
- NSF® A7 Certified-safe for use on non-food contact surfaces.
- U.S. Patent Pending

Applications

- Suitable for use on stainless steel, chrome, architectural aluminum, and other interior metal surfaces
- Can be used on other hard, non-porous surfaces as a cleaner

Packaging

- 1 quart (946mL) bottle
- 6 one quart bottles per case

General Use Directions

1. Spray 3M™ Stainless Cleaner and Protector directly onto the surface or dispense onto a Scotch-Brite™ High Performance Cloth or other form of clean wiping pad such as a paper towel.
2. Wipe the surface until it is clean and dry.

3. If using a squeegee, apply the cleaner to the surface, and squeegee downward while surface is wet.
4. If surface has been previously treated with an oil based product, refer to the stripping and cleaning guide for instruction on removal.

NOTE:

Refer to product Safety Data Sheet for specific physical properties, health hazard, first aid and precautionary information.
