

VISION

SAFETY EYEWEAR

TYPE-E

## EYEWEAR PROTECTION

Vision Type-E safety eyewear offers a multi-functional, single lens, half-frame design for superior eye protection for a maximum field of vision. Narrow temple arms reduce weight for extra comfort and modern style cues elevate your look both in and out of the workplace. Adding wire-core adjustable nose padding and multi-directional side arms allow for a perfect fit on all face shapes and sizes.

### FEATURES

- 1 Lightweight half-frame design for maximum comfort and style.
- 2 Beveled lens edge for additional upper eye protection.
- 3 Adjustable soft Thermoplastic Rubber (TPR) co-injected wire core nose pad offers a comfortable secure fit.
- 4 Adjustable bi-directional wire core soft TPR co-injected temple arms create a personalized comfortable fit.
- 5 Advanced anti-fog lens coating dissipates fogging six times faster than basic anti-fog.
- 6 Scratch resistant coated polycarbonate lenses provide clarity and protection.
- 7 Rimless lens design provides wide field of vision and unobstructed view.
