

# The revival of American Art Deco.

Art Deco is fearless and timeless. Geometric shapes, clean lines, rich materials, and active patterns create a sleek and modern elegance that symbolizes sophistication and luxury. Dating back to the 1920s, the Deco style represented a time of industrial and economic progress. Even today, it still makes an exciting and functional solution for making a vivid statement in the contemporary home.

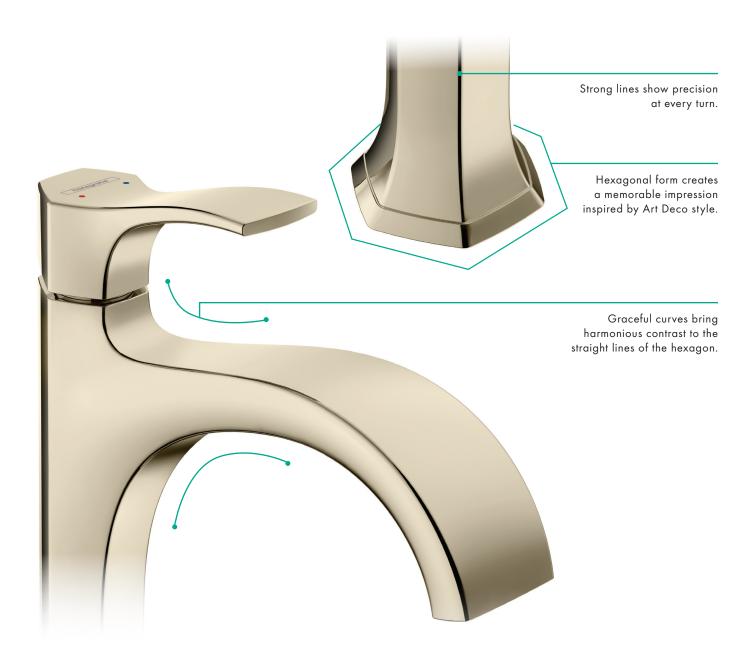

Famous architecture such as the Chrysler Building in Manhattan was influenced by the heritage of Art Deco. The decorative sunburst pattern at the top of the building remains to be among the most remarkable features of the city's skyline. A symbol of strength and prosperity, the Chrysler Building is an American iconand the inspiration for the new Locarno™ collection.

" We have chosen Art Deco as a style because of the perfect match between emotionality and rationality, between architecture and humanity."

# The Locarno™ design. Transitional style with a touch of iconic luxury.

At hansgrohe, we know the essential qualities for remarkable design: balance, grace, and harmony. The symmetry of the hexagon shape formed at the base and body of each Locarno™ piece achieves a wonderful balance. The body, spout, and handles are sculpted with graceful curves. The result is a design that exhibits an alluring sense of harmony. Geometry and charming curvature work together to create a transitional style that works perfectly for both traditional and contemporary spaces.

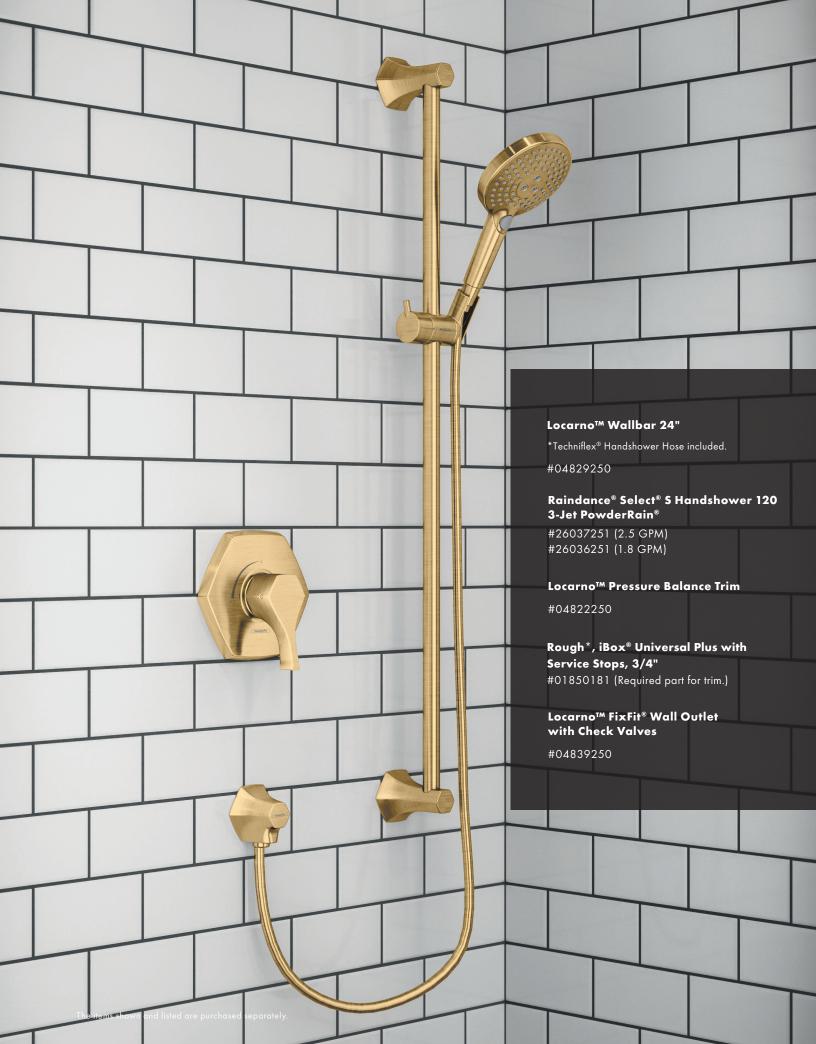

## Locarno™ finishes. Personalized beauty at its finest.

Available in six pristine finishes<sup>\*</sup>, the Locarno<sup>™</sup> collection enables individuality in an unforgettable way. For designers, the selection of finishes offers creativity with endless bounds, opening the door for uniquely glamorous spaces.

Chrome remains a classic choice for any bathroom and kitchen. Matte Black is ideal for modern Art Deco spaces by creating contrast, particularly against light-colored countertops or backsplashes. Brushed Gold Optic achieves the quintessential Art Deco look of luxury and opulence, while Polished Nickel and Brushed Nickel add warmth for an authentically classic or traditional design.

<sup>\*</sup>The Steel Optic finish is an exclusive offer for kitchen, and brushed nickel is only offered for bathroom.

## We live for water. See for yourself.

Products packed with innovative features since 1901.

For over one hundred years the Hansgrohe history has been marked by inventions and innovations that give water form and function. The value attached to research and development is accordingly high. The result is products that are just as utilitarian as they are beautiful. The icons shown appear throughout the brochure and reveal the unique set of features that come equipped inside each Locarno™ product. See the hansgrohe difference for yourself.

#### **Technologies**

Intuitive water control – at the touch of an elegant button.

Keeps the flow to a minimum to save water and energy without sacrificing performance.

Anti-limescale function.
Silicone spray channels/
aerators enable you to
simply wipe away deposits.

The distance between the faucet spout and base. A perfect fit for every faucet and sink combination.

Extended pull from kitchen faucet hose and more room under the sink with innovative hose housing technology.

#### **Spray Modes**

With its gentle micro sprays, PowderRain® provides a deeply relaxing experience.

A spray that is perfect for rinsing shampoo out of your hair.

Intense water spray that energizes and wakes you up.

For new energy after a challenging day: The dynamic, revitalizing massage spray.

# Enjoy the benefits of the Locarno™ collection.

- Effortless cohesion. A full collection for consistency throughout the bathroom, shower, and kitchen.
- Modern with a touch of iconic luxury.
   A contemporary collection that captures the essence of Art Deco and the prominent style of the 1920s.
- Alluring design. Balanced, geometric form combined with graceful curves for a highlyrefined design.

- Personalization. Available in five pristine finishes that enable boundless creativity.
- Quality that lasts. "Made by hansgrohe" means "Made to last."
- **Functionality.** Designed to work as great as it looks.
