VINTAGE NOTES

The 2022 vintage on the Sonoma Coast was very memorable. After a relatively early bud break, we experienced mild weather through bloom and most of the summer. A lighter than average crop ensured excellent concentration in the wines, and things got very interesting in September. After a prolonged heat wave, we were moving at an incredibly fast pace to bring the fruit in. Once we were able to catch our breath a bit – it rained – because, of course, it would. After a lull in the pacing – and a nice chance for the rain to knock the dust off the fruit – we resumed harvest at a saner pace, and the fruit was brought to the winery in excellent condition. The wines from 2022 show an outstanding sense of place and freshness despite the myriad challenges. The logistical puzzle of picking crews, trucks, and fermentation space was a wild one, but the wines that are coming out of this wild vintage are well worth it!
