Powerful 6-Ton Hydraulic Cutting Platform

- Autoreleases once complete cut is accomplished
- Brushless Motor
- Milwaukee M18 REDLITHIUM™ 2.0AH battery delivers 250+ cuts on 500 MCM per charge
- ACSR Jaws cut ACSR up to 477 Hen, Cu/Al Jaws cut copper up to 750 MCM and aluminum up to 1000 MCM
- Multiple cutting kits available
- Hydraulic system is optimized for consistent performance from 0°F to 122°F
- LED lights illuminate work area
- Hydraulic pressure relief button for manual return
- Single trigger operation
- Cuts in the most confined spaces
- Interchangeable jaws for different cutting applications
- Fully balanced design for improved control and ergonomics
- Weather protected electronics keep dirt, dust, and moisture out
- Each kit includes 1 platform, 1 cutter jaw, 1 battery charger, 1 battery, 1 cutting blade
- Southwire BMC hard case has room to store additional jaw and replacement blades
