Draw a number line from 1 to 10. A ladybug started on number 5 and ended on number 8. Draw the ladybug's path on the number line. How many numbers did the ladybug fly?

1.

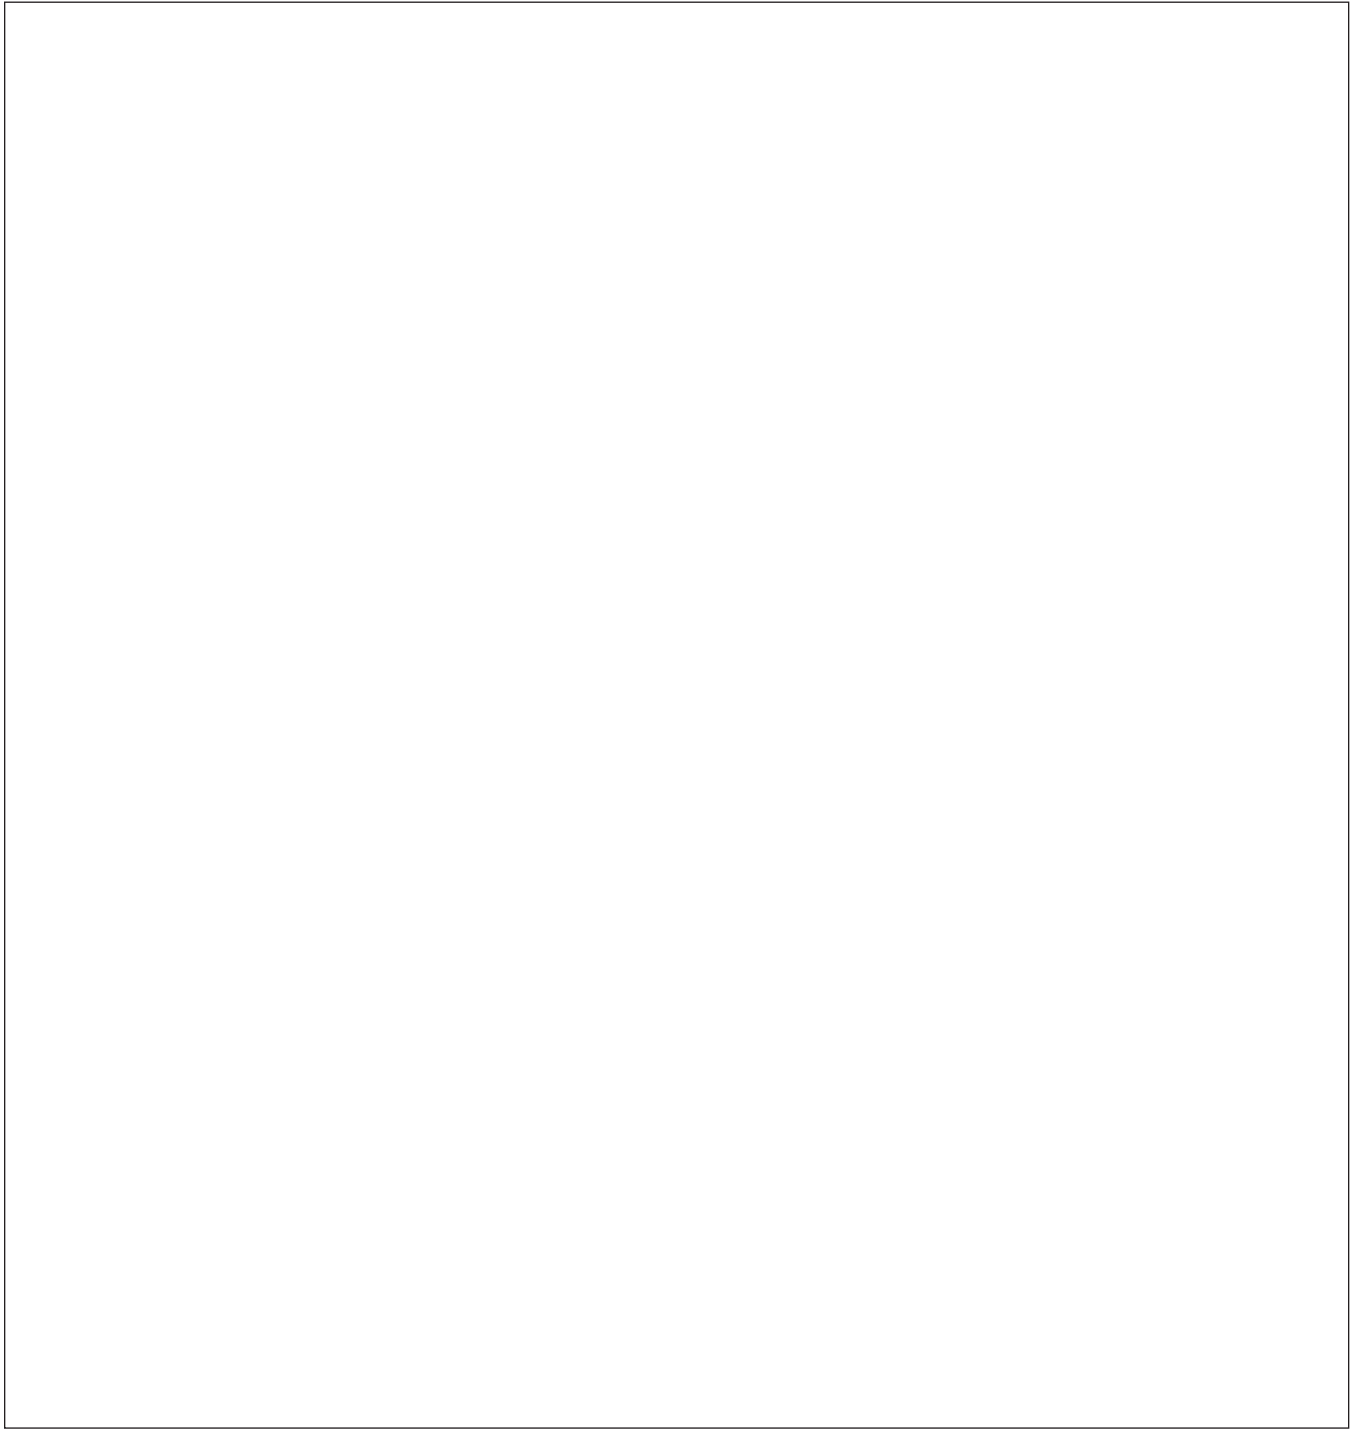

2.

**Directions**

1. Write the number for each group of cubes. 2. How many cubes are there? Write the number.

Name _____

Challenge

Draw a group of 6 yellow cubes. Draw a group of 11 green cubes. Draw a group of 0 red cubes. Write the number of yellow cubes. Write the number of green cubes. Write the number of red cubes.

1.

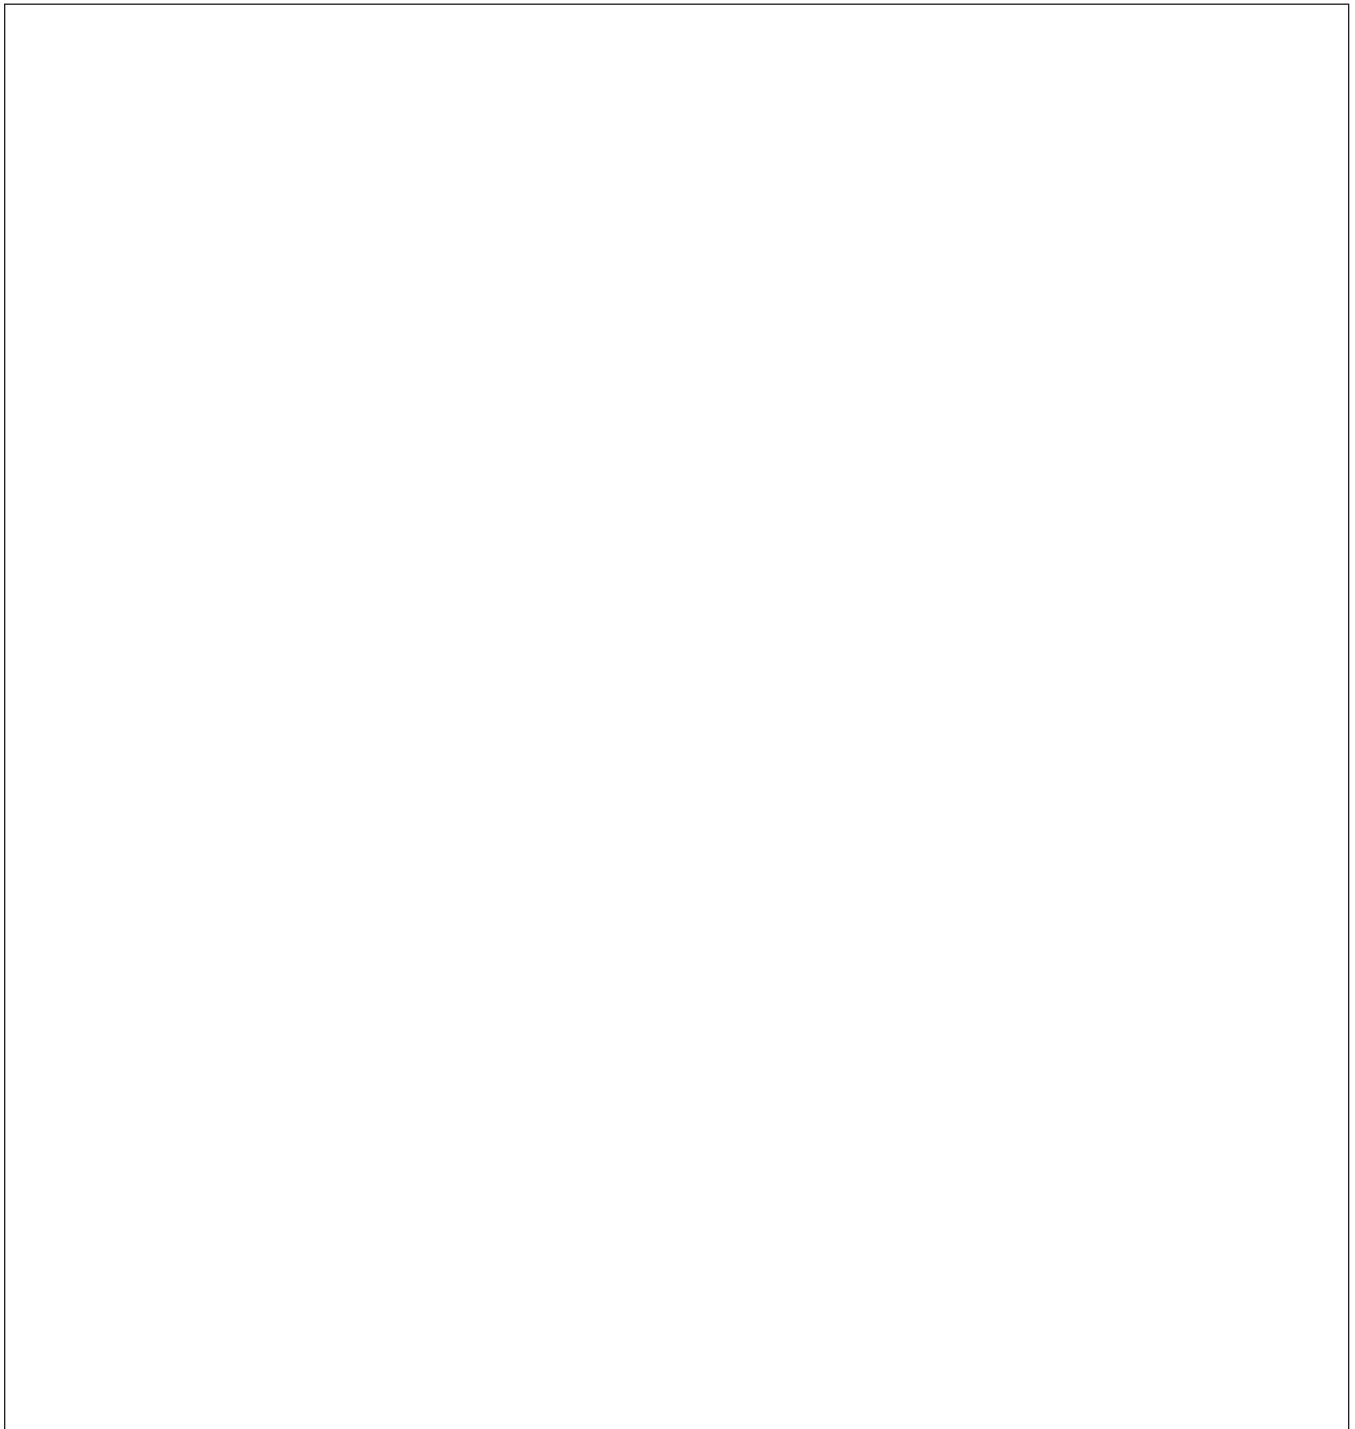

2.

Directions

1. Write the number of cubes in each group. 2. How many cubes are there? Write the number.

Name _____

Challenge

Count 16 cubes. Make a pattern with the 16 cubes. Draw the pattern. Write the number of cubes.

1.

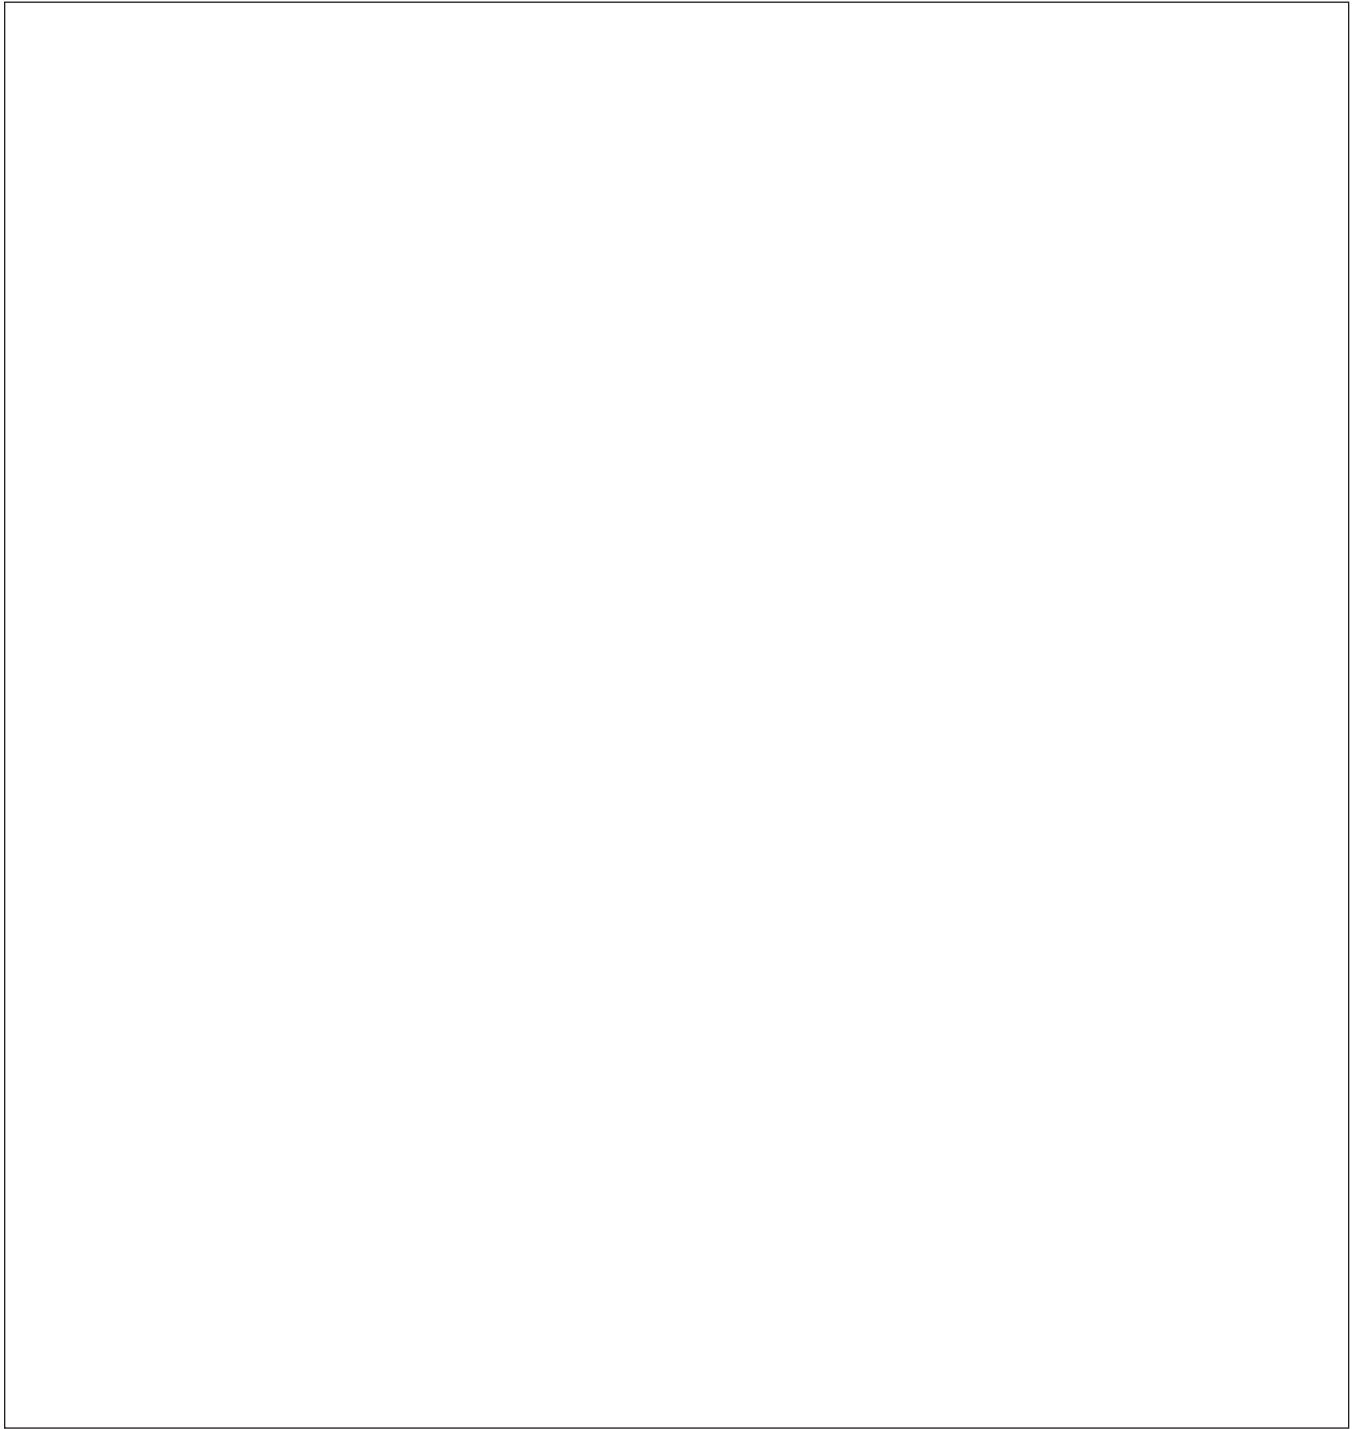

2.

Directions

1. Count the tiles. Write the number of tiles. 2. Count the tiles in each row. Write the number for each row. Which row has more tiles? How do you know?

Name _____

Challenge

Draw 5 boxes in a row. Count the boxes by writing the number under each.

1.

2.

Directions

1. A spider has 8 legs. Draw a spider with 8 legs. 2. Count the boxes in each row. Write the number. Which row has more boxes? How do you know?

Name _____

Challenge

Turn your paper sideways. Draw 7 flowers in a row. Count the flowers by writing the number under each.

1.

2.

Directions

1. How many links do you see in the box? Make an estimate and write the number. Now count and write the number. How close was your estimate? 2. How many links do you see in the box? Make an estimate and write the number. Now count and write the number. How close was your estimate?

Name _____

Challenge

Place a handful of links on the table. Estimate how many links you grabbed and write the number. Then count and write the number. How close was your estimate?

1.

2.

Directions

1. Circle the groups that show the same number. Write the number of counters in each group. 2. Circle the groups that show the same number. Write the number of counters in each group.

Name _____

Challenge

Draw 7 circles. Draw 7 circles again. This time find a different way to arrange your circles.

1.

2.

**Directions**

1. Write the number for each group of counters. 2. Draw 8 counters in the first ten frame. Draw 8 counters in a different way in the second ten frame.

Name _____

Challenge

Dan has 6 toy cars. Draw a picture of Dan's cars. Then write the number of cars on your picture.

1.

2.

Directions

1. Write the number for each group of counters. Draw a line matching a bear from one group to the other group. Circle the group that has the greater number of bears. 2. Write the number for each group of tiles. Circle the group that is less than the other group.

Name _____

Challenge

Draw a group of bears that is greater than 4. Write the number of bears you drew.

1.

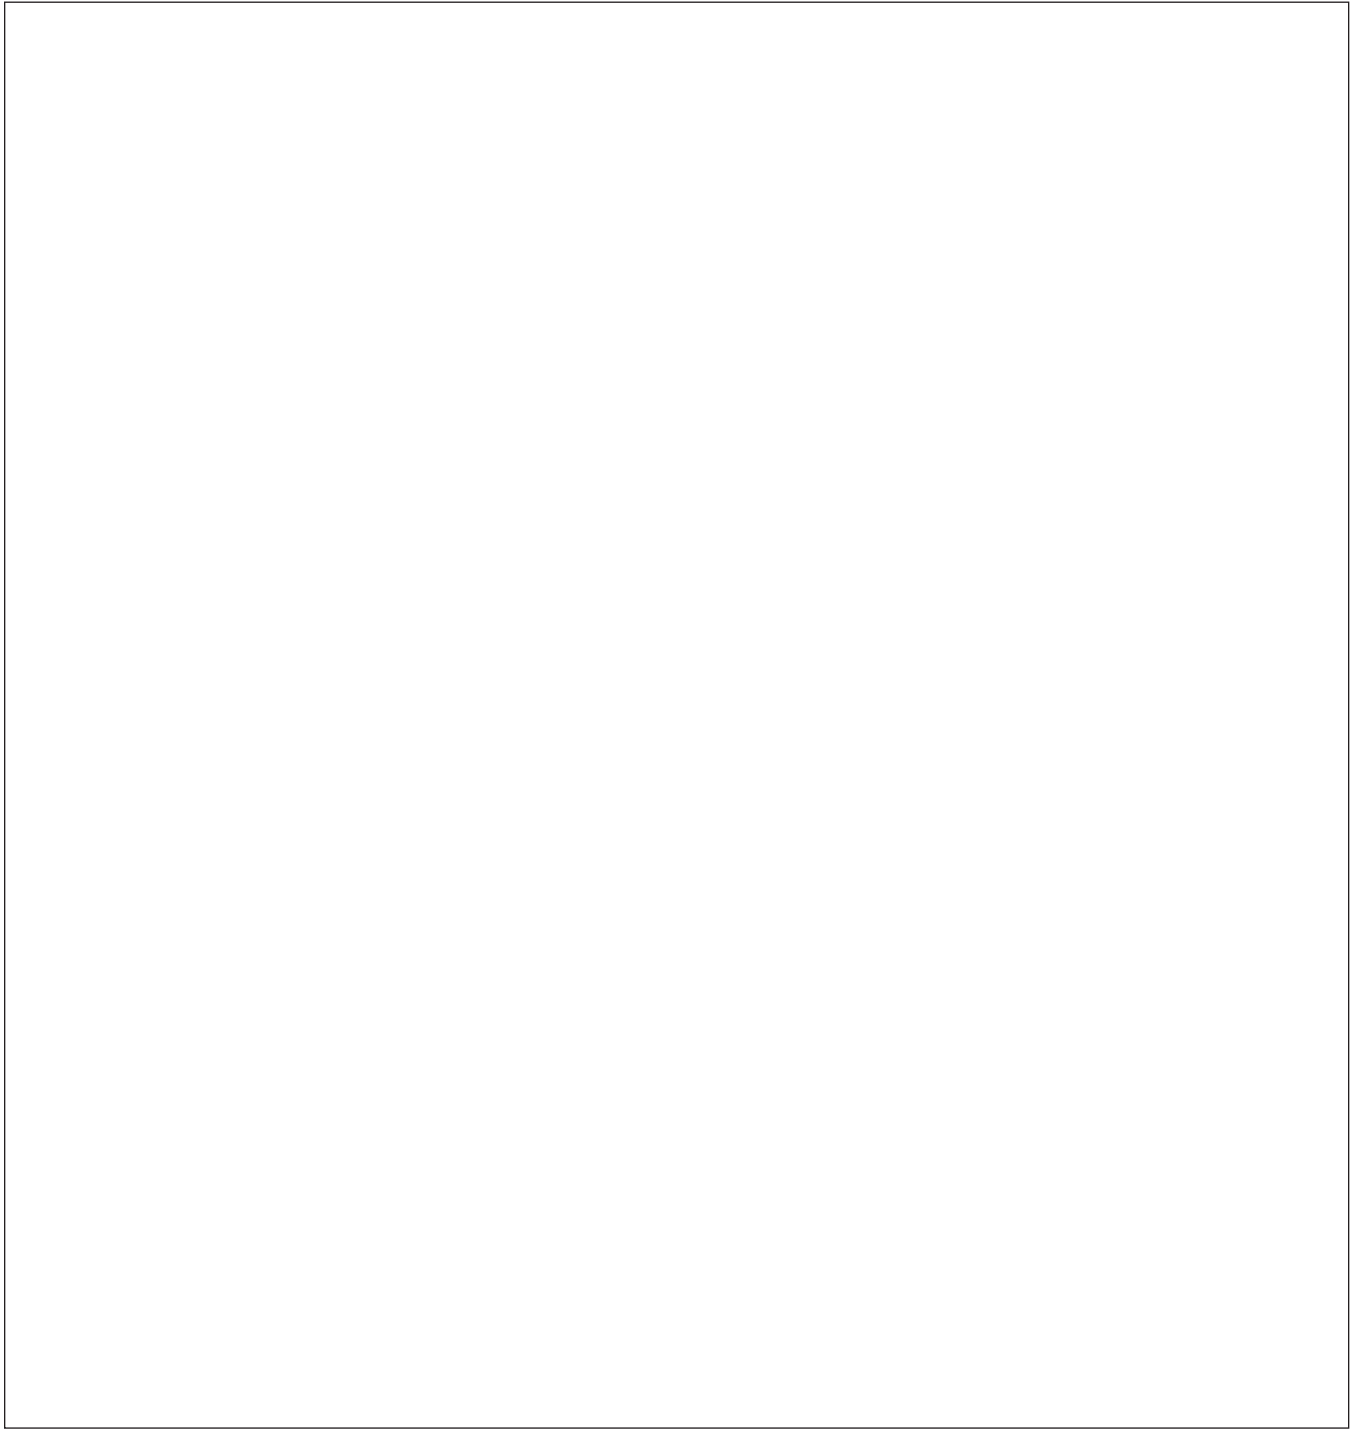

2.
