Rack Shelf Installation

Ventilation for Savant equipment or third-party equipment placed on the rack shelf is provided from the front, rear, bottom, top, and sides of the shelf. Be sure and leave 2". on all sides of devices placed on the shelf to allow for proper airflow around devices.

1. Remove the faceplate from the shelf
2. Install the shelf in the rack using rack screws (not supplied)
3. Line up the faceplate lock pins with the spring clips on the shelf and press into place.
