

Tub Drain Trim Kits

Buy with confidence and rest assured that our complete selection of bathroom plumbing will get the job done. Jones Stephens' trim kits are compatible with one-hole or two-hole overflows, and fit most brands. With a variety of finishes and drain styles available, these trim kits are the professional's choice for bathroom remodel projects.

High-Quality

Jones Stephens' trim renovation kits are designed with quality engineering and construction to be durable and reliable.

Point-of-Purchase

Designed to fit most manufacturers' tub waste and overflows, these trim kits are conveniently packaged for point-of-purchase display.

Convert to Two-Hole!
Conversion bar and screws are included with one-hole trim kits.
