

Bath Waste Kits with Quick Test

Drain out wastewater by using Jones Stephens' Bath Waste Kits with included test plugs and parts.

All the features you need in one kit. Jones Stephens' Bath Waste Kits with Quick Test functionality offer a flexible solution for tub drain rough-in installations. The kit includes a test plug and test membrane, eliminating the need for extra parts, while the snap-on faceplate completes the job with ease. Available in a variety of options, materials, styles, and finishes, we offer what you need to make your new construction or remodel projects successful.

Certified Quality

Designed with quality engineering and certified to the highest standards. Our bath waste kits are cUPC listed and meet ASME and CSA standards.

Reliable

Install with confidence. Jones Stephens bath waste kits are built to last and backed by a five-year limited warranty.
