INSTRUCTIONS FOR ADJUSTING LEVELER :

Position the bed in your space and locate the leveler under each leg support (G) and storage leg (E).

Turn the leveler counter-clockwise to extend the leveler and clockwise to retract it.

Adjust each leveler until each leg support is applying equal, upward pressure on the center slat .

MAINTENANCE INSTRUCTION :

- Remove box spring and mattress before moving your bed.
- Lift your bed when moving it. Dragging can damage the leg support.
- Readjust levelers after moving your bed.
- Periodically tighten all fittings, which can loosen over time.
