

ASSEMBLY&INSTALLATION

Please read carefully and save these instructions,as you may need them a later date.

CAUTION

Turn off the main power at the circuit breaker before installing the fixture, in order to prevent possible shock.

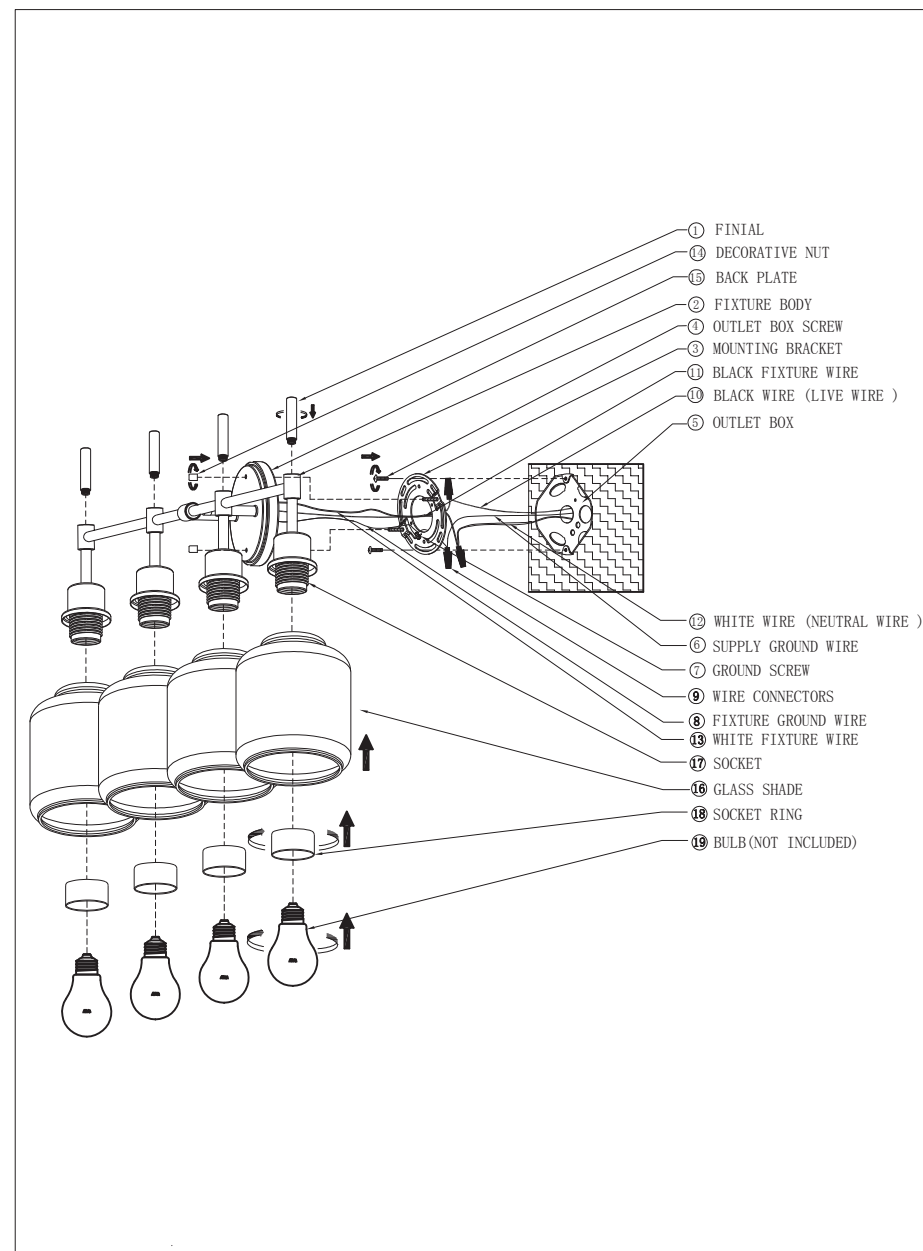

GENERAL

All electrical connections must be in accordance with local and National Electrical Code(N.E.C) standards. If you are unfamiliar with proper electrical wiring connections obtain the services of a qualified electrician.

Remove the fixture and the mounting package from the box and make sure that no parts are missing by referencing the illustrations on the installation instructions.

ASSEMBLY AND INSTALLATION

- 1.Carefully unpack the fixture, lay out all parts on a clean surface.
- 2.Screw final (1) into fixture body (2).
- 3.At the center of the mounting bracket(3) there are eight perforated slots. Knock out the set matches your outlet box (5).
- 4.Carefully pass the power supply (4&6) wires and the supply ground wire(6) through the center hole of the mounting bracket(3) . Secure the mounting bracket(3) to the outlet box (5) with outlet box screw (4).Make sure the threads of the mounting screws are facing out.
- 5.Attach the black fixture wire (11) to the black wire (live wire) (10) by using the wire connector (9). At the same manner, attach the white fixture wire (13) to the white wire(neutral wire)(12). Loop the fixture ground wire (6) around the ground screw (7) of the mounting bracket(3). (Note: Be sure to provide an extra 3" length of the fixture ground wire (8) for connection to the supply ground wire (6).) Tighten the ground screw (7). Connect the remaining fixture ground wire (8) to the supply ground wire (6) using a wire connector (9). Place wiring and connections inside the outlet box (5).
- 6.Place the back plate (5) onto the fixture mounting screws , and secure it into place using the decorative nuts(14) provided.
- 7.Slide the glass shade(16) over the socket(17) , secure with the socket ring(18).
- 8.Install the bulb (19 not included) into the socket. Make sure they do not exceed the maximum wattage specified on the fixture's wattage rating label.
- 9.Turn on the power.

ASSEMBLY AND INSTALLATION (CONT.)**INSTALLATION IS NOW COMPLETED**
