The Legacy Continues

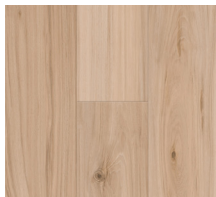

CALI's most popular collection evolves with premium WPC construction. Our bestselling coastal oak visuals now come in extra-thick 14mm planks with superior cushioned comfort and quieter performance. Longboards Icons brings upgraded construction you'll feel in every step. Like all CALI Vinyl floors, Icons is 100% waterproof for whole-home installation with authentic hardwood visuals in every room. A more resilient wear layer provides extra scratch protection from pets, kids, and daily life, while attached acoustic padding delivers enhanced sound insulation and a more substantial feel underfoot.
