Congratulations
on your new purchase of the

BOSS[®]
AUDIO SYSTEMS

UBAC50D

The *UBAC50D* is a universal
Bluetooth[®] audio source unit controller
with integrated 2CH *Class D* amplifier. Designed for
Android / iOS / Windows Smart devices.

The *UBAC50D* conveniently expands your existing
sound system from one small package. Rear RCA
outputs connect direct to your larger amplifiers for
extending your system. You can easily control your
favorite music streaming *APP* all whilst keeping
your device safely stored away.

Other conveniences include a front *3.5mm AUX
INPUT* port and *USB* charging port for keeping your
Smart Devices battery topped off.
(USB and AUX cables not included)

Please read through these instructions carefully so you will
know how to operate your model properly. After you have
finished reading the instructions, keep this document in a
safe place for future reference.

INTRODUCTION

The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks is under license. Other trademarks and trade names are those of their respective owners.

FCC COMPLIANCE STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of this device.

This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter. The Bluetooth antenna cannot be removed (or replaced) by user. This equipment complies with FCC/ IC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines and RSS-102 of the IC radio frequency (RF) Exposure rules. This equipment has very low levels of RF energy that it deemed to comply without maximum permissive exposure evaluation (MPE). But it is desirable that it should be installed and operated keeping the radiator at least 20 cm or more away from person's body (excluding extremities: hands, wrists, feet and ankles). Alteration or modifications carried out without appropriate authorization may invalidate the user's right to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Relocate or reorient the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION!!

ADJUSTMENT OR ALTERATIONS OF THIS DEVICE MAY RESULT
IN HAZARDOUS RADIATION EXPOSURE.

IMPORTANT SAFETY PRECAUTIONS

EN

To avoid potential shorts in the electrical system, be sure to disconnect the (-) battery cable before installation. Use this unit with a 12-volt battery and negative grounding system only. Failure to do so may result in a fire or malfunction.

- Do not operate mobile equipment while driving a motorized vehicle – safe driving and safety consideration of others should always be your highest priority.
- In the event you should notice smoke, strange noises or odor from this product, or any other abnormal signs, immediately turn off the power and consult your dealer or the nearest authorized **BOSS AUDIO Service Center**. Using this product in this condition may result in permanent damage to the system.
- Refer any repairs to a qualified **BOSS AUDIO SYSTEMS Service Center**.
- Set your volume control at a low setting, then slowly increase the sound until you can hear it comfortably without distortion, or ear discomfort.

BE SURE TO OBSERVE THE FOLLOWING GUIDELINES:

- Do not turn up the volume so high that you can't hear what's around you.
- Use caution or temporarily discontinue use in potentially hazardous situations.
- Abide all Federal, State, and Local laws.

INSTALLATION PRECAUTIONS

WARNING - Always consult a professional installer

- Do not attempt to install or service this product by yourself. Installation or servicing of this product by persons without professional training and experience in electronic equipment and motorized vehicle accessories may be dangerous and could expose you to the risk of electric shock, injury or other hazards.
- Ensure the **UBAC50D** is not attached to, or behind metal.
- Never install this product in a heated location, or under water.
- Do not install the **UBAC50D** next to the vehicles electronics.
- The **UBAC50D** should be hard wired directly to an accessory switch or to the battery through an optional switched relay.
- Always use the included fuse and fuse holder, always replace with a 3 Amp fuse.
- The **UBAC50D** has a weather resistant design, it should not be under any circumstances submerged in, or under water.
- Use only the supplied installation parts provided with the **UBAC50D**.
- Wash with a mild detergent and lukewarm water using a clean sponge or a soft cloth.
- Rinse well with clean water.

"DO NOT'S" - Very Important

- DON'T clean in hot sun or on very hot days.
- DON'T use abrasive or highly alkaline cleaners on the main body.
- DON'T scrape the main body with razor blades, or other sharp instruments.
- DON'T ever use, gasoline, acetone or carbon tetrachloride.
- DON'T ever use a pressure washer.

MOUNTING METHODS

- HANDLEBAR
- FLUSH MOUNT
- SURFACE MOUNT

HANDLEBAR / CAGE MOUNT

FLUSH MOUNT

- 1) Always check mounting depth before cutting
- 2) Use the flush bezel as template
- 3) Cutout hole exactly
- 4) Insert flush mount bezel, push side tabs outwards
- 5) Use optional silicon glue to give extra hold
- 6) Insert UBAC50D

SURFACE MOUNT

- 1) Check mounting depth before drilling
- 2) Use the flush bezel as template
- 3) Drill or cut wire hole exactly
- 4) Insert rubber trim around flush bezel, screw in place
- 5) Insert UBAC50D

TOOLS NEEDED: - 4mm Allen Wrench - Wire Crimpers

OPTIONAL TOOLS NEEDED: - Hand saw or Jigsaw
