READ BACK PANEL CAREFULLY

NET WT. 1LB (0.45KG)

INDOOR DIRECTIONS FOR LIGHTING

- Open fireplace damper fully to make sure that your fireplace has enough draft to avoid smoke buildup. Make sure you have no down draft.
- Place one firestarter on the grate and light according to the instructions.
- Add firewood per product instructions and then place or close screen in front of fireplace.

 **WARNING**

- Contains Petroleum Distillates. • Keep out of reach of children and pets. • Pellets are not intended for animal or human consumption. • If swallowed DO NOT induce vomiting, and contact poison control, a physician or local emergency services. • DO NOT cover while burning with anything other than a mesh screen or flame arrestor. Covering flaming pellets may result in flare up when cover is removed. • Not intended for grills, smokers, pellet burners, stoves, ventless fireplaces, or any other burning system. • Never leave a fire or hot coals unattended. • Store away from flame or direct heat source, or anything that may puncture the bag. • Store in a cool, dry area and well-ventilated area. • DO NOT use product while under the influence of drugs or alcohol. • Failure to follow warnings and instructions may result in serious injury or property damage. • Keep clothing, hair, and face away from flames. • DO NOT light fire starters in hand. • If your fireplace is functioning properly, emissions of this product should be vented outdoors. A properly installed and maintained fireplace and chimney will dramatically reduce the likelihood of combustion byproducts entering your home. An inadequate air supply or a downdraft could cause a fireplace malfunction. If you suspect that your unit is not functioning properly, a professional contractor should be consulted. • Clean chimney regularly.
- Composite fire starter suitable for use in Factory-Built Fireplaces, Solid Fuel Fired Space

Heaters, Fireplace Inserts and Masonry Fireplaces only. • Always open damper before starting a fire; ensure adequate air supply at all times. • Always use a fireplace screen. • Never leave children alone near fire. • Never add any volatiles (e.g. liquid fire starter, aerosol cans, etc.) to any fire. • DO NOT poke fire starter as burning particles may stick to the poker. • If necessary, douse flames with baking soda, sand, water, or a fire extinguisher. **△WARNING:** Combustion byproducts including carbon monoxide produced when using this product contain chemicals known to the State of California to cause cancer, and birth defects, or other reproductive harm. For more information go to www.P65Warnings.ca.gov. Use of this and other solid fuels may be restricted at times by law. Please check 1-877-4NO-BURN or www.8774NOBURN.org before burning.
