

BATTERY BACKUP with SURGE PROTECTION

LE825G

The CyberPower LE825G uninterruptible power supply (UPS) safeguards small office workstations, networks and home entertainment systems against surges, spikes, sags, and brownouts, protecting equipment and valuable data during a power outage. Its automatic voltage regulation (AVR) monitors incoming AC power and maintains a safe output voltage level. This UPS system is ENERGY STAR® qualified with patented GreenPower UPS™ Bypass circuitry to save on energy costs by reducing energy consumption and heat buildup.

The LE825G UPS comes with a three-year warranty and further protection is offered by a \$200,000 Connected Equipment Guarantee.

PRODUCT HIGHLIGHTS

- Easy to setup
- 8 protected outlets:
4 with battery backup and surge protection
4 with surge protection
- 825VA / 450Watts
- Surge protection: 1,030 Joules
- Connects to computer via USB/Serial port
- Phone, network and cable/satellite protection
- PowerPanel® Personal Edition Software

PHYSICAL SPECIFICATIONS

Unit Weight: 14.0 lbs.

Dimensions: 11" W x 6.625" H x 3.5" D

AVERAGE BATTERY RUNTIMES

90 min. on DVRs

24 min. on 21" iMac computer

10 min. on 32" LCD TV with game console
