

SENTINEL™ SERIES BOAT CREW DRY SUITS (MSD634 / MSD635)

MUSTANG SURVIVAL WE SAVE LIVES FOR A LIVING

FEATURING MOBILITY BASED SIZING™ AND RAPID REPAIR TECHNOLOGY™

The Sentinel™ series boat crew dry suits are waterproof breathable constant wear boat crew dry suits designed for law enforcement and search and rescue (SAR) small boat operations. Constructed with military grade GORE-TEX® BD6.5 waterproof breathable fabric, these dry suits are ideal for crew members who don't intend to enter the water but require hypothermia protection in case of accidental immersion.

Our Sentinel dry suits are in use by US Coast Guard and validated by NAVAIR, SAR Model Manager Office, Naval Special Warfare and water rescue professionals.

SIZE	Please see size chart on reverse page
COLOR	 ORANGE/BLACK
CLO	Immersed Clo 0.66 when worn with dry suit liner MSL600 or MSL601 and silk weight thermal underwear
ACCESSORIES	Compatible with MA7105 Carrying Case

SENTINEL™ SERIES BOAT CREW DRY SUITS (MSD634/MSD635)

MUSTANG SURVIVAL WE SAVE LIVES FOR A LIVING

MOBILITY BASED SIZING™

EXCLUSIVE INNOVATIVE DRY SUIT DESIGN THAT REDUCES BULK WHILE INCREASING FIT, COMFORT & MOBILITY

Based on more than two years of extensive anthropometric research, range of motion testing and user evaluations, we introduce the industry's newest improved fitting platform designed specifically for dry suit users for tactical, rescue or special operations. Mobility Based Sizing™ offers a semi-custom suit that reduces bulk and increases range of motion without the expensive custom price tags or long lead times.

The mobility based sizing platform:

- Was developed based on anthropometric data from 2,500 North American 3-D body scans, ensuring the sizing and patterns of the suits fit the greatest number of individuals
- Immensely improves range of motion while decreasing bulk
- Offers standard expanded sizing (such as short and tall) for all sizes so users can order a semi-custom suit without the expensive price or long lead times

The Mobility Based Sizing platform is like none other currently in the industry. To order a suit that fits you best, follow our detailed measuring instructions online at:

www.mustangsurvival.com/mobility/

SIZING GUIDE

To properly fit your mobility based sizing garment, follow the instructions below.

STEP 1 – MEASURING

For accurate measurements, please refer to the measurement diagram and instructions provided.

All measurements should be taken with a "tailors" (flexible) tape while wearing garments and any accessories such as body armor usually worn under the garment.

STEP 2 – SIZING

Based on your measurements, determine your size according to the chart below. If all your measurements fall between the ranges of two sequential sizes (such as between S and M) select the size that best fits your Torso Hoop and Inseam.

LOCATION	1	2	3	4	5	6	7	8
SIZE	CHEST (IN)	WAIST (IN)	HIPS (IN)	SLEEVES (IN)	INSEAM (IN)	TORSO HOOP (IN)	HEIGHT (IN)	SOCK (USA Men)
XS	35" - 38"	29" - 32"	37" - 40"	29" - 31"	28" - 30"	59" - 62"	60" - 63"	7.5 - 9
