

1A65-641

LIGHT & HEAVY DUTY LINE VOLTAGE THERMOSTATS

Line voltage mechanical thermostats for baseboard and resistance heat.

FEATURES

- Precision hydraulic switch action
- 1A66 types are a double-pole disconnect model with "OFF" position which mechanically breaks both sides of line
- Thermostat mounts on 2" X 4" electrical box
- Classic white or beige color
- Mercury free design

SPECIFICATIONS

Differential 1.0°F (.5°C)
 Set-point Range.....40 to 85°F (4 to 29°C)
 Dimensions for 1A65/1A66 4.5"H X 2.75"W X 1.25"D
 Agency..... UL, CSA

PARTS & ACCESSORIES

DESCRIPTION	MODEL NUMBER	ITEM NUMBER
1A65-641, 1A65W-641, 1A66-641 or 1A66W-641 locking or limiting kit. Locks at 66°C 69°C 72°F or 75°F. Temperature limit can also be set at 60° or 63°.	F75-0176	F0075 017600S1

See Thermostat Guards for additional options.

LINE VOLTAGE BASEBOARD THERMOSTATS - HYDRAULIC
