# Installation Instructions

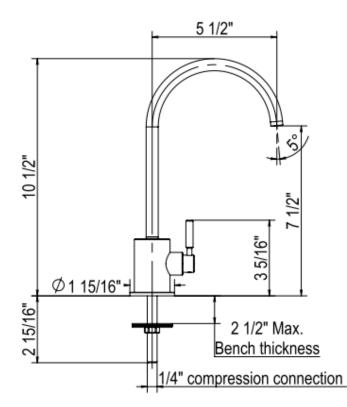

Note: Fits a maximum bench thickness of 2 1/2inches. Cut-out size minimum 1/2", maximum 1 1/2".

- 1. Flush pipe work to ensure it is free from debris.
- 2. Cut a mounting hole as per cut-out above in the desired position for the faucet.
- 3. Remove mounting nut #4.5, steel washer #4.4 and rubber washer #4.3 from filter tap.
- 4. Position in bench top ensuring the base seal #3 is in place.
- 5. From underneath the bench install the rubber washer #4.3, steel washer #4.4 and mounting nut #4.5.
- Connect to cold water supply (See installations for water filter systems Not included).
  a. 1/4" compression fitting is required. (Not included.)
- 7. Turn on water supply and check for leaks.

CARE & MAINTENANCE: Refer Rohl care & maintenance guide. WARRANTY: Warranty is limited lifetime. See ROHL website for details. (www.rohlhome.com).

## LUX™ KITCHEN SINGLE SIDE LEVER FILTER FAUCET R7517

INSTALLATION INSTRUCTIONS

Please leave this form with the product once installed.

## SYSTEM REQUIREMENTS

367587015 INS12425 50000564992 Released 10 To ensure the optimum performance and customer satisfaction please adhere to the following:

- Flush out all pipe work prior to installation.
- Minimum operating pressure 40psi
- Maximum operating pressure 70psi
- Recommended operating pressure 60psi
  \*Note: Pressures over 70psi may require that the house have a pressure regulator installed to limit the pressure below 70psi.
- Maximum hot water temperature 120°F
- If the water temperature exceeds 120°F an approved tempering valve must be fitted.
- Maximum flow rate limited to 0.5 GPM at 45psi flow pressure.
- Failure to comply with the above will void all warranties.

**Note:** It is strongly recommended that in-line filters are fitted to both inlets. Compression connection not supplied.

#41354 07/16

Care and Maintenance: After use, wipe down with a soft, dry cloth.

For all chrome plated surfaces clean this product with warm soapy water and then dry with a dry soft cloth.

Nickel plated, satin and Inca brass finishes should be cleaned with a soft cloth and warm water. Then dry with a dry soft cloth.

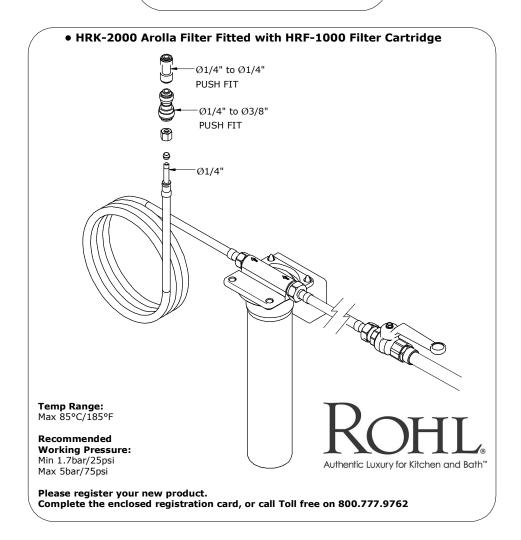

Do not use cream cleaners or cleaning agents containing a corrosive acid or scouring agent including: Softscrub, Comet, Ajax and Bonami, as these may damage the surface of the faucet. Do not use any spray cleaners with ammonia or alcohol like Windex, 409 or Fantastik. Any use of unsuitable cleaning agents causing damage to the surface will not be covered by the warranty.

**WARRANTY:** Warranty is limited lifetime. See ROHL website for details. (www.rohlhome.com). A basic in-line filter system is required for the house to protect any debris from entering the water supply line to the house (i.e. due to construction or service work on the street water main).

Arolla<sup>™</sup> Filter Installation Guide

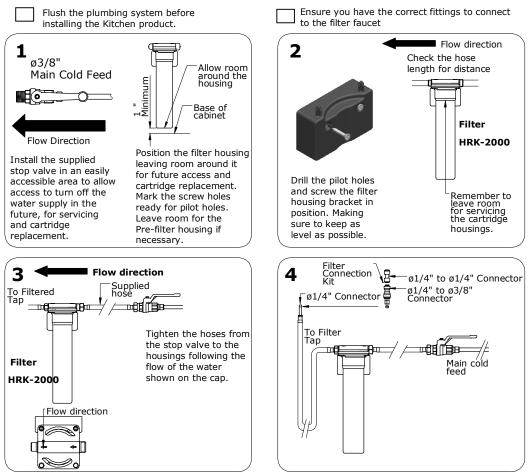

06/28/2025 INS12425 50/00/66/992 Released 10 Congratulations on the purchase of your ROHL Arolla<sup>™</sup> Filtration product. Correctly installed and with sensible care, this product will give you many years of trouble free service.

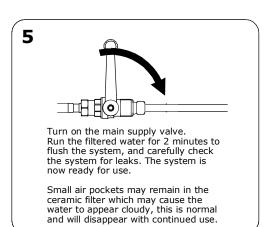

#### **IMPORTANT INFORMATION**

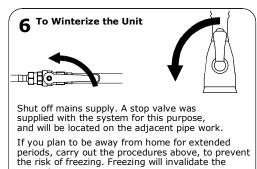

These are instructions for ROHL Arolla Filtration. Please read carefully to ensure correct installation.

Before you proceed... We recommend you engage the services of a registered plumber to install this product.

#### **Preparation for Installer**

Turn the filtered lever on the faucet to the on position. This will confirm the water supply is off, and release the pressure in the system.

warranty.

#### **IMPORTANT NOTES**

Do not use with water, that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system. Systems certified for cyst reductions may be used on disinfected waters that may contain filterable cysts.

Please ensure that the installation complies with applicable State & local plumbing codes.

System is to be supplied with cold water only.

#### **CARE & MAINTENANCE**

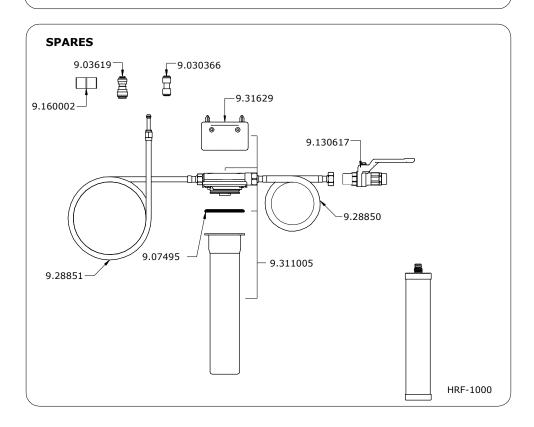

Wipe down after use to avoid water spotting and mineral build up. Replace HRF-1000 every six (6) months or 1,000 Gallons usage.

## ROHL WARRANTY POLICY

All products supplied by ROHL carry warranties against manufacturing defects.

Our products carry a Limited Lifetime Warranty.

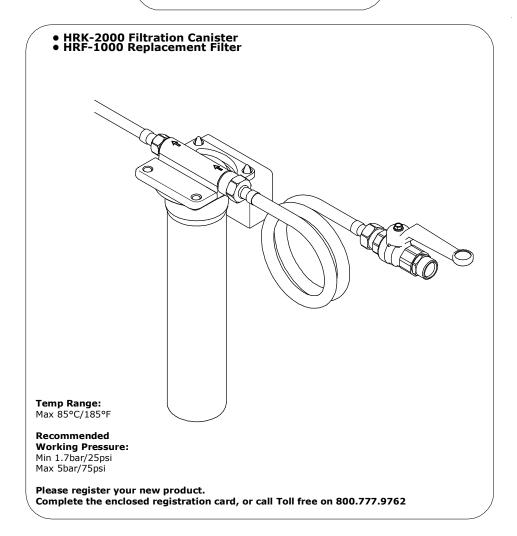

For full ROHL LLC WARRANTY please contact ROHL or visit www.rohlhome.com

Arolla™ Filter Replacement Guide

Thank you for your continuing support of the ROHL Filtration products

#### **IMPORTANT NOTE**

Do not use with water, that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system.

With a rated service capacity of 3406 litres (900 gallons) the HRF-1000 filter cartridge should be replaced every six months to ensure optimum performance.

### To Winterize the Unit

INSI2425 500006 64992

08/28/2025 1 Released 10 If you plan to be away from home for extended periods, or the filter housing maybe subject to the risk of freezing, carry out the procedures 1-2 as above. When the risk of freezing has subsided or you wish to use the system again open the main supply and allow the water to run for 2 minutes to flush the system, the system is now ready to use. Freezing will invalidate the warranty.

## ROHL WARRANTY POLICY
