

# C3 AUTO WHIP™

Traditional methods of measuring, notching and cutting armored cable are repetitive and labor intensive.

The C3 Auto Whip™ clad cable cutter is faster than manual operation and much safer and easier than using a bulky exposed saw.

- Quick set up and lights-out operation
  - Operator protection—fully enclosed housing
  - Fits on a standard workbench
  - Stores information on up to 48 different cables and 96 whip configurations
- Easily programmable touch-screen interface
  - Effortlessly change between whip configurations
  - Load custom whip configurations using a USB stick
