

Vertical Rail

Maximize Interior Storage

Create a custom storage configuration inside any CarePod™ Wall-Mounted Workstation. Designed to work with the cabinet's preinstalled interior rail system, additional vertical rails allow for the installation of compatible CarePod shelves and retaining bars, expanding storage options and overall versatility.

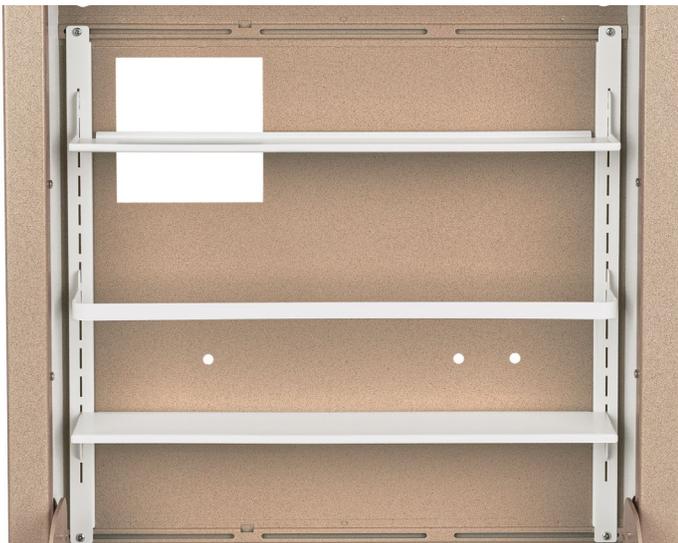

Features:

- Complements the CarePod interior rail system to increase storage capacity
- Required to install mini shelves/retaining bars in any CarePod and narrow shelves/retaining bars in the CarePod Wide workstation
- 14 slots for shelves or retaining bars
- Crafted of durable powder-coated steel

Quick, easy installation

Crafted of durable powder-coated steel and featuring 14 slots for shelves or retaining bars, this additional vertical rail maximizes the interior storage of any CarePod Wall-Mounted Workstation. Installation is quick and easy.

Simply secure the vertical rail to the top and bottom horizontal tracks using the included hardware. Then position this new rail with a second rail to attach any compatible CarePod shelves and retaining bars.
