PRODUCT REGISTRATION

Important: The product registration form on page 15 and a copy of your receipt must be completed and returned within 10 days of purchase to validate your warranty.

Online registration is also available. Go to <http://gldproducts.com/warranty-information> or click on this link. Follow the online instructions.

Preparing for Assembly

- Be sure to unpack all of the parts included in this package. Check inside any tubes or sleeves. Save all packing material until the product is fully assembled and functional.
- Compare the parts in your package with the Parts Identifier description on page 5.
- After unpacking large products, some disassembly may be required prior to beginning the assembly.

Tools Required

- Wrench (#8)
- Phillips screwdriver (not included)
- Allen Wrench (#12)
- Level (not included)
- Electric screwdriver may be helpful. **CAUTION:** You must set at **LOW TORQUE** and use extreme caution because you could overtighten the hardware, strip the screws, or damage the table.

Assembly Tips

Make sure you understand the following before you begin to assemble your game table.

1. READ THIS MANUAL all the way through before beginning assembly.
2. When installing parts that have more than one bolt, start ALL bolts in that part by hand before tightening anything.
3. Some drawings or images in this manual may not look exactly like your product.
4. You will need a second adult to assist with this assembly.

Note: Save all packing materials until the parts have been inspected and the table is assembled.

Unpack the Pieces

- Lay the box on a flat surface (floor). You may want this near your area of assembly.
- Unpack the boxes and part bags. Inspect and count the parts. The Parts Identifier page can be used to record your results.
- If any parts are damaged or missing, contact GLD Customer Service.
- Missing fasteners may be purchased at a hardware store using the descriptions on the Parts Identifier page.

Games

This game table includes the equipment and game pieces for Air Powered Hockey. The rules for this game are not discussed in this manual.

STEP 1 - ASSEMBLE THE LEGS

Each leg has three main pieces. The two legs (#1 and #2) are not the same.

1. Position a leg (#1 or #2) to fit against the support brace. Use three washers (#8) and three bolts (#7) to hold the two pieces together.
2. Attach the other legs in the same manner.
3. Screw a leg leveler (#5) into the holes on the bottom of each leg. The levelers should be screwed in half way.

STEP 2 - ATTACH THE LEGS

1. Position a leg end panel (#3) so the bottom end has the straight edge and the screw holes are lined up.
2. Insert a screw (#9) into the six holes on each leg end panel. Finger start the screws into the pre-drilled holes in the legs.
3. Repeat for the remaining legs.

STEP 3 - TURN THE TABLE OVER

The table is ready to be turned over.

USE AT LEAST TWO PEOPLE TO LIFT THE TABLE ASSEMBLY AND TURN IT OVER TO REST ON THE LEGS.

DO NOT ROLL THE TABLE OVER. This will place a sideways force on the legs. The legs should be off the floor until the table assembly is rotated completely. Set the table down.

DO THIS

NOT THIS

STEP 4 - MOUNT THE SCOREBOARD

1. Position the electronic scorer (#4) over the holes in the table side rail.
2. Route the wires from the goals through into the holes. Plug the connectors into the bottom of the electronic scorer (#4). Set the scoreboard down on the table side rail.
3. Hold the electronic scorer (#4) in position and insert two screws (#6) into the table to hold the scorer. Tighten the screws.
4. Under the table top, check the wiring connections.

STEP 5 - OPERATION

1. Plug the fan electrical cord into a standard wall plug.
2. On the electronic scorer (#4), remove the battery cover. Insert three AAA batteries (not included). Follow the polarity shown on the inside cover. To turn the electronic scorer on, press the On/Off button once. Wait for the opening fanfare and the countdown to finish. To turn the scoreboard off, press and hold the On/Off Button for three seconds.
3. Press the start button to begin a game. Scoring is registered automatically. To start a new game, press and hold the start button for three seconds.
4. To turn the sound off, press the On/Off button once. Press again to turn the sound back on.

**STEP 6 - LEVEL THE TABLE**

1. Place the table in position.
2. Use a carpenter's level to find the low side of the table.
3. Raise or lower the leg levelers as needed to level the table.
4. Level the table side-to-side and end-to-end. When the game is turned on, the puck will float to a low side. Final leveling can be performed if needed.

Care and Use of your Table

- This product is intended for INDOOR use only.
- DO NOT sit, climb, or lean on the table.
- DO NOT drag the table when moving it. This will damage the legs.
- Keep your table covered.
- To clean the hard surfaces spray a cloth with a mild cleaner and wipe.
- Pucks that fly off the table may have chipped edges. Inspect the puck and replace if needed.
- The air holes may become plugged, causing the puck to drag. A small drill bit can be used to re-open the holes. DO NOT use a power drill. Instead, hold the drill bit in your fingers and clear the holes.
