ST5™

FOOTBALLS | LEATHER | ST5™

The Rawlings™ ST5™ football has all the features of a classic Rawlings game ball. Starting with its deep-pebbled, center-cut Horween® leather with an enhanced tack formulation and Rawlings proven Soft Touch Technology™ the enhanced ST5™ ball also features our re-engineered Aerial™ design to offer the smallest allowable pattern. The ST5's durable painted stripe is 67% more durable than standard painted stripes in the market today. Add in Rawlings R-Grip™ lace, and this ball will allow you optimum control play after play.

NFHS®

ST5AB OFFICIAL SIZE

MSRP: \$116.70

- Pack: Bulk 12
- Meets NFHS® and NCAA® Specifications

PRO5™

FOOTBALLS | LEATHER | PRO5™

The PRO5™ football is a classic pro-style ball. Built using deep-pebbled, center-cut Horween® leather with an enhanced tack formulation, the PRO5 ball also features Rawlings' re-engineered Aerial™ pattern to offer the smallest allowable pattern in a pro construction for a traditional feel. The PRO5's painted stripe is 67% more durable than standard painted stripes in the market today, and the R-Grip™ rubberized lace helps improve players' handhold on the ball.

NFHS®

PRO5AB OFFICIAL SIZE

MSRP: \$71.60

- Pack: Bulk 12
- Ages 6-9

FOOTBALLS | COMPOSITE | R2

The R2™ composite football will change your expectation of how a composite football should perform. Our exclusive clutch composite design cover material offers superior grip and unmatched durability allowing you to make the game breaking play all season long. With our stitched stripe construction, the R2™ composite football is the only ball with the same material on the entirety of the ball, allowing superior grip wherever you grab the ball. Adding the R-Grip™ rubberized lace and our Aerial™ pattern makes the R2™ composite football the best performing synthetic football on the market.

CUSTOM UNIFORMS

ISO (PREMIUM VARSITY)

Be stronger. Be unstoppable. Be the best. The ISO series features premium fabrics that are engineered for extreme performance and heavy impact, allowing players to withstand relentless hours on the field. They were designed with varsity and collegiate athletes in mind, so players and jerseys alike can endure the hardest hits and toughest plays*. We're not only revolutionizing our fabrics, but athletes' performance as well.

ZONE (YOUTH)

Be fast. Be smart. Win. Players in the zone use efficiency and agility to put their teams on the board. The Zone™ Series features fabrics built for speed to allow maximum mobility. We've engineered this platform specifically for youth athletes, focusing on the particularly quick movements needed for game day.

- 2-Ply Cowl
- Stretch Collar and Cuffs
- 1-Ply Dual Side Sublimated Technology for Lightweight Performance
- PRO DRI® Breathable Fabric

**TWO GAME QUALITY
JERSEYS IN ONE**

PLEASE NOTE: With a 1-ply reversible, there is some amount of color that can be seen through from the other side. In direct sunlight this effect is lessened and is acceptable for most teams. The above and following images in this catalog have not been altered from their original state. Please do a fitting to ensure proper sizing.

MATCHING COLORS:

There is no known process which can positively regulate the final results when cotton, polyester or nylon yarns or cloth are dyed. Even though the finest dyes and quality assurance processes are used, each lot may absorb the color in a different manner and vary in shading when finished. Every possible effort is made to match colors as closely as the peculiarities in dyes and dye action will permit, but the situation is not controllable. All orders are handled by us with the understanding that the purchaser realizes these conditions and accepts

the responsibility for any variations within standard tolerances. Fabric of 100% polyester or polyester blends in dark shades contain dyes that may tint light colors of Twill. Rawlings® will not assume responsibility should this occur. Sublimation: Color differences between sublimated and non-sublimated fabrics may occur. This phenomenon is known as a metamer effect.

**VAPOR
FUSION™**

VaporFusion™ is the process of fusing ink into fabric fibers to create permanently bonded colors. This state-of-the-art equipment is used to decorate Rawlings' finest premium fabrics and twill. VaporFusion™ is lighter, faster, and more durable.

SUBLIMATED TWILL

- Twill just got faster – 24% lighter than standard 1 color twill
- Twill just got more functional – has more “give” than standard twill applications
- Twill just got more personal – boundless customization with 30+ colors

VAPOR
FUSION™

VAPORFUSION™ STOCK FOOTBALL SLEEVE STRIPING PATTERNS

When ordering sleeve stripes, specify colors from sleeve end to shoulder

Sleeve stripe patterns showing red and blue stripes in which the red and blue colors do not touch, are also available as a one color sleeve stripe pattern. White indicates fabric showing through. For youth sizes medium and smaller, Rawlings cannot guarantee the fit of sleeve stripe patterns greater than 3 3/4" tall. If size adjustments are necessary, the customer will be notified. Rawlings cannot guarantee fit of sleeve stripe and sleeve TV number combinations when the combined height of the artwork is greater than 6". Fit of TV numbers and sleeve stripes varies per jersey size. Please ask your customer service or sales representative for assistance.

PLACEMENT:

2" up from the bottom edge

VAPORFUSION™ STOCK FOOTBALL SLEEVE STRIPES WITH MASCOTS

See page 78 for
more mascot options

All standard mascot sleeve stripes offered in 1 or 2 color with Pattern #2 sleeve stripes. Two color orders must be ordered as pictured with the top and bottom sleeve stripes and mascot as the first color and the middle stripe as the second color. If the design or color scheme is altered, the artwork will no longer be standard, but rather a custom order.

These drawings are for illustration purposes only. Rawlings® and its affiliates expressly disclaim any rights in these mascot drawings. The customer is solely responsible for obtaining permission or a license to use proprietary marks.

NOTE: All standard mascot sleeve stripes are available in the sleeve stripe Pattern #2 only.

EEL - Add extra length, 1" or more

CLSU - Rib Knit cowl insert available on custom 905547 style, 3" Adult, 2" youth

BODY OPTIONS

OP13

American flag patch on jersey or pant/short

NAMEPLATES

(NAMEPLATE1) Full Block, Plain Block or Special fonts available. Vertical Arch, Arc Text or Straight lettering configuration. Attached or unattached.

COLLAR OPTIONS

LYNK

Lycra® neckline with bar-tack

MVNR

1" Rib knit modified V-neck with bar-tack

RKCE2

Solid or striped rib knit cuff with elastic

LYARM2

Solid or striped lycra cuff with elastic

NFSL

"QB Sleeve" Hem cuff, no elastic

PANT OPTIONS

CB12

100 or 147 Cloth covered belt with D-ring (custom only)

NOFLY - Remove traditional lace-up front

WB6S - Add 1/2 Belt with Snaps for pads

KNEE - Add two small knee pads to any custom pant

TPBG - Traditional Pocket Bag, available on any custom pant

TRIM ORDERING DETAILS:

Trim striping patterns: For neck and arm trim specify colors working from the outer edge to the edge closest to the body of the garment.
For side trim, specify colors to go from front to back.

When ordering the CLSU option, specify colors from the sleeve to the jersey body.

Note: Rib knit not available on newer pro/lineman cuffs

HOW TO MEASURE:

Chest - The tape should be placed under the arms level across back muscles and chest. Have the person take a deep breath when reading the measurement.

Waist - The tape should be placed around the waist above the top of the hip bone. It should be positioned approximately where the person wears a belt.

NOTES:

1. Always use a cloth tailor's tape when taking body measurements. Place the index finger and middle finger between tape and body while holding the tape with thumb.
2. For circumference measurements of the body, the tape measure should not be pulled too tight.
3. For garment size, use the tape measurement to the next largest inch.
4. Garment sizing is determined from the actual body measurements. A specific size garment, e.g. size 42, is designed to fit a body with a chest measurement of 42".

The actual size of the pattern and garment will be determined by:

- a. Requirements of the sport (designed for loose or tight fit).
- b. Type of fabric intended for the garment design.
- c. Special garment styles or designs. When the above adjustments have been factored into the pattern, the garment should fit the proper size body as indicated on the size label of garment.
- d. The type and size of pads worn by the player

Rawlings® reserves the right to refuse to manufacture any order. The purchaser must maintain the right to reproduce, or have reproduced, proprietary or protected commercial property.

Note: These charges are in addition to the regular price per order and are suggested retail prices.

WASHING GUIDE

DO WASH UNIFORMS PRIOR TO FIRST USE AND IMMEDIATELY AFTER EACH USE.

Naturally occurring PH levels in sweat may cause dye migration in first use. We recommend a detergent similar to Tide™ for cold water to help decrease the chance of this happening. Prior to washing in cool water, turning the garments inside out will help preserve Twill, Perma-Print®, and Embroidery. Claspings Velcro® prior to washing may help prevent snagging or picking.

DO NOT WASH UNIFORMS WITH OTHER ITEMS. Bleeding may occur.

DO NOT USE BLEACH. Bleach will deteriorate fabric fibers and may cause color loss.

DO NOT OVERLOAD WASHER OR DRYER. Hang dry is recommended for best results. In the dryer, overloading may cause the uniforms to stick together, especially those with Perma-Print® ink. Remove garments immediately after both wash and dry cycles. To avoid static and lint build-up, use an anti-static agent such as Bounce® Dryer Sheets.

DO NOT EXPOSE UNIFORMS TO HIGH HEAT. Excessive heat is the enemy of your uniform. Washing too hot, heat presses, ironing, dry cleaning, or heat transfers may cause dye migration and may break down fabric fibers. Also excessive heat, especially in dryers, can cause shrinkage above normal tolerances, cause Perma-Print® ink to crack, and Twill to wrinkle. If you use a dryer, please use a “damp dry” or “air dry” setting.

DO STORE IN A DRY, ROOM TEMPERATURE AREA, AWAY FROM DIRECT SUNLIGHT.

Excessive sunlight may cause discoloration.

Heavily soiled garments (grass, dirt, clay mud), pre-treatment is recommended

- Spray on products such as Spray'n Wash®, Shout®, or ESPRO® cleaner have been tested with positive results.
- Products such as Stick Stain® or Shout Gel® can be used for stubborn stains.
- For blood stains, it is best to rinse in room temperature water as soon as possible, and if necessary, soak in room temperature water before washing. One of the above pre-treatments can also be used, or an oxygen based laundry booster such as Oxy Clean® can also be used.
- For ink stains, use hair spray as soon as possible. Delaying the application of hair spray may decrease results. Spray on stain and rub until the ink is gone. Wash as normal.

QUALITY GUARANTEE

1 year warranty starts from date of customer receipt of Rawlings® uniforms. Warranty covers any defect or condition of a uniform that can be attributed to a manufacturing error, or otherwise deemed to be a Rawlings® quality concern. This does not include damage or discoloration that may occur from excessive collisions or abrasions, customer alteration, improper care, or circumstances beyond Rawlings® control. Please use the above uniform care instructions for best results.

Zone Uniforms: In-season warranty only on Rawlings® Zone, ZoneFit™ and ZoneFlex™ uniforms. All conditions apply same as the regular “1 year warranty”, notwithstanding the purchased in-season duration limitation.

Our caring service representatives are standing by for your questions at **1-800-729-5464** (800-RAWLINGS).

MATCHING COLORS:

There is no known process which can positively regulate the final results when cotton, polyester or nylon yarns or cloth are dyed. Even though the finest dyes and quality assurance processes are used, each lot may absorb the color in a different manner and vary in shading when finished. Every possible effort is made to match colors as closely as the peculiarities in dyes and dye action will permit, but the situation is not controllable. All orders are handled by us

with the understanding that the purchaser realizes these conditions and accepts the responsibility for any variations within standard tolerances. Fabric of 100% polyester or polyester blends in dark shades contain dyes that may tint light colors of Twill. Rawlings® will not assume responsibility should this occur. Sublimation: Color differences between sublimated and non-sublimated fabrics may occur. This phenomenon is known as a metamer effect.
