## COLD WEATHER GLOVES

The ColdWork™ Heated Glove with clim8® Technology continues the line of groundbreaking product that delivers an intelligent, self-regulating, and activating Thermal Technology Heating System from Mechanix Wear and clim8®. Ultimate insulation of 133g Primaloft® wraps the hand locking in warmth while the water-resistant SoftShell repels the elements. Combining Padlock™ Grip Technology on the fingers and palm area with touchscreen capable synthetic leather and this glove ensure that your regulated warmth keeps you working in the harshest winter conditions.

### FEATURES

- 1 clim8® intelligent Thermal Technology Heating System that automatically turns on when glove is placed on hand.
- 2 Heating system adjusts and regulates internal temperature based on body and outside temperatures for optimum hand warmth & temperature at all times.
- 3 Downloadable companion app for ability to personalize and easily adjust the thermal comfort to your exact needs.
- 4 Stretchable & breathable water-resistant SoftShell outer and finger gussets provide comfort and mobility.
- 5 Primaloft® Gold 133g is thin and dexterous while wrapping the hand to lock in warmth.
- 6 Constructed with a Hipora water-proof bag for added protection against the elements.
- 7 Padlock™ Grip silicone print on palm and fingers.
- 8 Pre-curved construction provides an improved fit and feel.
- 9 Easily accessible waterproof battery pouch for easy charging and connectivity.
- 10 Indicator light that notifies users when the glove is actively heating.
- 11 Includes: (2) 7.4V, 3000 mAh Lithium-ion batteries and (1) 100-240V AC to DC 8.4V, 2A charger.
- 12 Touchscreen capable.
