

REAL-TIME MONITORING FOR SAFER TRAVEL

Tire Linc PRO by Lippert delivers 24/7 RV tire pressure and temperature monitoring with instant alerts, so you can catch issues before they become problems. Whether you're towing a camper or driving a motorhome, this advanced TPMS keeps you informed every mile of the journey.

TIRE LINC[®] PRO
Tire Pressure and Temperature Monitoring System

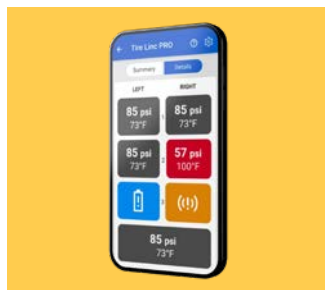

REAL-TIME MONITORING FOR SAFER TRAVEL

Repeater boosts signal

Repeater technology 'repeats' the signal your sensors send, but stronger, so that your smartphone always has the most up-to-date information

Constant monitoring

Tire Linc PRO continuously tracks your RV's tire pressure and temperature, sending instant alerts if something's off — helping you avoid blowouts and stay safer on the road

Dashboard display

With Apple®, CarPlay®, and Android Auto® compatibility, you can view live tire data right on your vehicle's screen, keeping key safety info front and center as you drive

Flexible installation

Tire Linc PRO installs in minutes on prepped RVs and easily scales with additional sensors, allowing you to monitor extra tires or a towed vehicle

Energy-saving intelligence

When your RV is parked, the system automatically reduces reporting frequency to conserve battery life, so it's always ready when you are, without unnecessary drain

Monitor more tires

Monitor up to 15 tires at a time with your Tire Linc system. Our additional sensor packs (sold separately) are a perfect way to monitor all tires on larger RVs, motorhomes, and tow vehicles

Trusted Lippert technology

Backed by Lippert's legacy of innovation and RV expertise, Tire Linc PRO delivers on performance

Items are not necessarily shown in proportion to each other.

Part #	Description	Includes
2024115887	2-Tire Bundle	Dock, Repeater, 2 External Stem Sensors, CR-1632 Batteries, Wrench, and Sensor Service Tool
2024115889	4-Tire Bundle	Dock, Repeater, 4 External Stem Sensors, CR-1632 Batteries, Wrench, and Sensor Service Tool
2024115891	6-Tire Bundle	Dock, Repeater, 6 External Stem Sensors, CR-1632 Batteries, Wrench, and Sensor Service Tool
2024030980	LCD Touchscreen Kit	LCD touchscreen, suction cup mounting arm, and micro-USB to USB-A charging cord
2024115904	Upgrade Kit	Repeater
2020106299	Sensor Kit	2 External Stem Sensors

Additional Features

Monitors and alerts drivers of high or low tire pressure and temperature

OneControl app allows users to enter the manufacturer's suggested PSI range for each tire
Kit includes four sensors and can also monitor up to 15 tires simultaneously

Additional sensors are available for purchase and can track tires on additional towed vehicles or large RVs with more than four tires

Repeater technology strengthens wireless signal in order to easily reach the tow vehicle

Sensors come with CR1632 batteries (replaceable)

Repeater and dock assemblies included
