

MP1080SS Two Pack: 7-Outlet Surge Protector with 2 USB Ports

USER MANUAL

CONGRATULATIONS ON YOUR PURCHASE

Thank you for selecting the CyberPower MP1080SS Surge Protector 2-pack. This manual explains the features and operation of the MP1080SS. Please take a few moments to read this manual.

FEATURES

1. ON/OFF Reset Control Switch and Circuit Breaker Controls power to all outlets. The switch is also a 15 A breaker. When an overload occurs, it will automatically switch off. To resume operation, ensure the overload condition is removed and reset the surge protector by switching the unit ON.
2. Protected LED Indicator Illuminated when the surge protection feature is working properly.
3. Grounded LED Indicator Illuminated when the ground protection feature is working properly.
4. Standard Grounded Outlets (6) and Transformer-spaced Grounded Outlet (1)
5. USB Charging Ports* (2) Connect and charge up to two (2) USB devices using the surge protected USB charging ports. *USB outlets cannot be used as a USB hub. This device does not transfer data.

SPECIFICATIONS

- Model Number: MP1080SS
- Outlets: Standard Grounded Outlets (6), Transformer-spaced Grounded Outlet (1), USB Charging Ports (2)
- Power Cord Length: 4 ft
- Plug Type: Flat
- Surge Protection: 1,200 Joules
- Electrical Rating: 125 V/15 A/1875 W
- USB Charging Rating: 5 V/2.4A total
- UL Clamping Voltage: UL 1449 4th/600 V (L-N, L-G, N-G)
- Maximum Peak Current: 60,000 A
- 3 AC Lines Protected:
 - L-N: 30,000 A
 - L-G: 15,000 A
 - N-G: 15,000 A
 (The maximum surge possible on household wiring is 6,000 volts)
- Response Time: Less than 1 nanosecond
- Attenuation: Up to 32 dB
- EMI/RFI Filtration: 150 kHz to 100 MHz
- Circuit Breaker: Resettable 15 Amp

CAUTION

TO REDUCE THE RISK OF ELECTRIC SHOCK - Use only in dry locations and only indoors. DO NOT plug into another relocatable power tap. DO NOT "daisy chain" surge protectors. DO NOT use with any aquarium equipment. DO NOT use if properly grounded outlets are not available. DO NOT install this device if there is less than 10 meters (30 feet) or more of wire between the electrical outlet and electrical service panel. DO NOT use for medical or life support equipment. This device features an internal protection that will disconnect the surge protective component at the end of its useful life, but it will maintain unprotected power to the load.

TROUBLESHOOTING

- If the ON/OFF is switched OFF, the 15 Amp circuit breaker may have tripped. Examine your connected equipment and remove the device that is overloading the circuit. Then, turn the ON/OFF switch back to RESET.
- If the grounded indicator does not light when you plug in the surge protector, move the surge protector to a different grounded three-prong AC outlet. If it still does not light, return the product to the retailer for assistance. If the surge protector appears to be working properly, your outlets may not be properly grounded and need to be repaired by a professional electrician. If the grounded indicator turns off after a period of use, the surge protection has been depleted. Replace your surge protector.
- If the protected indicator does not light, the surge protector's AC lines are no longer protected from surge. The surge protector may have received a power surge or spike beyond its specified limits that overloaded the protection circuitry and rendered it inactive. The surge protector has protected your connected equipment as designed, but it will not protect against future surges, and spikes. It should be replaced.

TECHNICAL SUPPORT

Please contact our Tech Support Department with installation, troubleshooting, or general product questions.

- Phone: 1-877-297-6937
- Email: tech@cpsww.com
- Hours of Operation: Monday – Friday 7:00am – 6:00pm CST

FC CONFORMANCE APPROVALS

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment of and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- WARNING: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

⚠ **WARNING:** This product can expose you to chemicals including bisphenol A (BPA) and styrene (ABS), which is known to the State of California to cause reproductive harm and cancer. For more information, go to www.P65Warnings.ca.gov.

Please join CyberPower in caring for the environment by recycling.

This device is manufactured using environmentally-safe procedures in compliance with the Restriction of Hazardous Substances (RoHS) directive.

UL Listed to U.S. and Canadian Safety Standards UL 1449. This product is listed to applicable U.S. and Canadian safety standards by Underwriters Laboratories Inc.

TERMS AND CONDITIONS OF THE
CYBERPOWER LIMITED WARRANTY

Please read the following terms and conditions carefully before using CyberPower products (the "CPS Product"). By using the CPS product, you agree to be bound by the terms of this Limited Warranty (collectively the "Warranty"). IF YOU DO NOT AGREE TO THE WARRANTY TERMS AND CONDITIONS, YOU MUST RETURN THE PRODUCT BEFORE USING, AND OBTAIN A FULL REFUND. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS THAT VARY FROM ONE PLACE TO ANOTHER. YOUR ACCEPTANCE OF THIS WARRANTY MAY MODIFY OR WAIVE ANY OTHER RIGHTS YOU HAVE.

Cyber Power Systems (USA), Inc. ("CyberPower") provides this Limited Warranty.

WARRANTY COVERAGE

The warranty covers only the original purchaser and ends when the original purchaser no longer owns the CPS product. The warranty covers defects in materials and workmanship in the CPS Product under normal use and to perform as designed, after correct installation and under the operating conditions described in the User's Manual. Proof of purchase (receipt and / or invoice) is required for warranty coverage.

The warranty period varies according to the type of product purchased. Please check our website at <http://www.cyberpower.com/lac> for additional information on the applicable product.

2. To replace the CPS Product, CyberPower will replace, at no additional cost, any CPS Product or Equipment at its sole discretion; Through the network of distributors, wholesalers and representatives of CyberPower; And / or directly from the factory to the end user. CyberPower, in its sole discretion, may replace the defective or damaged CPS Product with a new or reconditioned product, without prior notice.
3. CyberPower covers shipping costs when CPS products are shipped to the end user. In the case of Latin America and the Caribbean, CyberPower may choose to ship the replacement unit to the export agent or end-user load agent in the United States at no additional cost. The record importer (customer) is responsible for complying with all applicable US Export Laws and requirements, as well as your specific country import process. CyberPower may require the customer to return the warranty unit to a local dealer, or back to CyberPower, or to destroy and / or dispose of a damaged unit locally. The customer covers shipping costs only if necessary and is required to return the CPS product to CyberPower.
4. In the event that CyberPower determines that a warranty unit can not be replaced by an equal or equivalent product, CyberPower may reimburse the end user for the purchase price of the product, including taxes, up to a maximum of the suggested MSRP, plus applicable taxes. The refund can be processed in US dollars converted into local currency at the time of purchase. The end user must provide valid receipts and purchase documentation for an approved channel to validate the claim.
5. MEXICO - Cyber Power Systems (USA), Inc., under the CyberPower brand, markets products that are designed and marketed for use primarily in the United States. CyberPower may provide a Connected Equipment Guarantee (CEG) for certain products. THE CONNECTED EQUIPMENT GUARANTEE IS ONLY VALID FOR PRODUCTS INSTALLED IN THE UNITED STATES, AND IS NOT VALID IN OTHER COUNTRIES, UNLESS SPECIFIED. Any reference to Connected Equipment Guarantee in documentation, packaging, or warranty is only valid for equipment installed in the United States. Products marketed or otherwise installed in Mexico are only covered by a manufacturer's Guarantee Policy and are not covered by a connected equipment warranty.

Cyber Power Systems S.A. Of C.V.
(CyberPower): Provides a limited warranty, depending on the product model, from the date of purchase in all its parts and labor, against any manufacturing defect,

under the following CONDITIONS:

- To make this guarantee effective, you must present this policy stamped by the establishment that sold it and / or the original invoice, without violating the seal of warranty, together with the product at the place of purchase or at the address:

Cyber Power Systems S.A. de C.V.

Aniceto Ortega 634 Col. Del Valle

Del. Benito Juárez, C.P. 03100

Ciudad de México, México

Tel: (0155) 4622-8654
- Return transportation costs, once repaired and resulting from their compliance, will be covered by CyberPower.

• The repair time, in no case, will be more than 30 days from the date the equipment is received at the Service Center.

• At the end of this warranty, spare parts, parts and accessories for this product can be purchased directly from CyberPower.

THIS WARRANTY SHALL NOT BE
EFFECTIVE IN THE FOLLOWING CASES:

- If the equipment has been used in conditions other than normal.
- If the equipment has not been operated following the instructions in the instruction manual.
- If the equipment has been modified, opened or repaired by unauthorized personnel.

CyberPower product registration facilitates the management of warranty claims and also allows notifications of product enhancements, updates and other announcements. We suggest you create a user account on the CyberPower page according to the instructions given here:

This Guarantee does not cover any:

- A. Software that has been corrupted or needs to be replaced due to product failure or any data lost as a result of failure, or restoring data or records, or reinstalling software;
- B. Use, misuse, modification, performance or storage outside the environmental limits of the CPS product, or equipment connected to it, nor for damage while in transit or in storage. Products that should not be used with the CPS Product, such as laser printers, aquarium appliances, medical or life support devices, etc.;
- C. Defects or damages due to: accidents, fires, floods, lightning, vandalism, acts of God, neglect, abuse or misuse among others: in shipping, storage, installation, application, and operation or maintenance not in With industry-standard recommendations and practices.
- D. System batteries and all other peripheral products and accessories not supplied by CyberPower (including components and software) or the installation, operation, maintenance or service of such accessories;
- E. And, the reimbursement of labor, pressure washing, access, removal, installation, employee expenses, or any other expenses you may incur in connection with the repair or replacement of the product, the accessories supplied with the product: cables, user manual, CD, etc.;
- F. Any product that the serial number printed and attached to the product has been: removed, disfigured, changed, altered, or manipulated.

The only and exclusive remedies of the client are those provided by this Guarantee. TO THE EXTENT PERMITTED BY LAW, THIS WARRANTY AND THE ESTABLISHED REMEDIES ARE EXCLUSIVE AND REPLACE ALL OTHER WARRANTIES, REMEDIES, AND CONDITIONS; WHETHER ORAL, WRITTEN, STATUTORY, EXPRESS OR IMPLIED. CYBERPOWER DISCLAIMS ALL STATUTORY AND IMPLIED WARRANTIES; INCLUDING WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND WARRANTIES AGAINST HIDDEN OR LATENT DEFECTS, TO THE EXTENT PERMITTED BY LAW. CYBERPOWER LIMITS THE DURATION AND THE RESOURCES OF SUCH WARRANTIES TO THE DURATION OF THIS LIMITED WARRANTY AND, AT CYBERPOWER'S OPTION, THE REPAIR OR REPLACEMENT SERVICES DESCRIBED ABOVE. SOME STATES (COUNTRIES AND PROVINCES) DO NOT ALLOW LIMITATIONS AS TO THE TIME WHICH CAN LAST AN IMPLIED WARRANTY (OR CON-

DITION), SO THE ABOVE LIMITED LIMITATION MAY NOT APPLY TO YOU.

Regardless of the basis on which you are entitled to claim damages against CyberPower; IN NO EVENT SHALL CYBERPOWER BE LIABLE TO YOU FOR INJURY OR DAMAGE CAUSED TO BUSINESS, PROFITABILITY, RESULTS, REVENUE, TRADEMARK, GOOD FAITH, OR FOR ANY SPECIAL, CONSEQUENTIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, EVEN IF YOU HAVE BEEN ADVISED OF THE RISK AND POSSIBILITY OF SUCH DAMAGES.

In addition, the product and the equipment connected to it must have been used properly in a suitable, appropriate environment and in accordance with any license, the instructions in the brochure or warnings provided with the product, and the equipment connected to it. Without limiting the foregoing:

1. This Warranty is not valid unless the CPS Product and connected equipment are connected to properly grounded outlets (including compliance with the electrical and safety codes of the most recent electrical code) without the use of adapters or other connectors of any kind.
2. The CPS product must be connected directly to the power source and equipment directly connected to the CPS product.
3. The product must be directly connected to the CPS Product; Must not be connected "in series" with extension cables, another product or device similar to the CPS product, surge suppressor or power supply: this type of installation voids the warranty.
4. The CPS product and the connected equipment must have been used correctly in a suitable environment and in accordance with any applicable license, instruction manual and manufacturer's warnings.
5. The CPS Product must have been used at all times within the limitations in the voltage capacity of the CPS Product.
6. The product is not for use in high risk activities or connected to aquariums. The product is not intended for use in hazardous environments requiring fail-safe operation, or for any circumstance where failure of the product could lead directly to death, personal injury, or serious physical or material damage affecting the operation or The safety of any medical or life support device (collectively, "High Risk Activities"). CyberPower expressly disclaims any express or implied warranty of fitness for high risk or aquarium activities. Such use is improper and voids this warranty.
