

A hand-drawn diagram of a vertebral body fracture. The diagram shows a cross-section of a vertebra with a large, irregular fracture line extending through the vertebral body. Labels include "Fracture" pointing to the break, "Vertebral body" pointing to the upper part of the vertebra, and "Vertebral canal" pointing to the central opening. A dashed line indicates the normal position of the fracture fragments.

## FACETJUE

A hand-drawn diagram of a facet joint fracture. The diagram shows a cross-section of a vertebra with a fracture line extending through the facet joint. Labels include "Fracture" pointing to the break, "Facet joint" pointing to the joint space, and "Vertebral body" pointing to the upper part of the vertebra. A dashed line indicates the normal position of the fracture fragments.
