## Fabric Softener/Sanitizer

Clothesline Fresh Fabric Softener/Sanitizer is a liquid fabric softener designed to soften and eliminate static cling from laundered fabrics while sanitizing! Clothesline Fresh Fabric Softener/Sanitizer leaves fabrics feeling fresh and smelling clean. Fabrics will have a smooth, fluffy feel right out of the dryer. Clothesline Fresh Fabric Softener/Sanitizer reduces the rigidity of fabrics which reduces fiber damage and can prolong fabric life as well as aid in the ironing process by reducing wrinkles. EPA Reg. No. 1839-108-5741.

### SANITIZE:

Clothesline Fresh Fabric Softener/Sanitizer is used in commercial and institutional facilities where sanitization of washed fabric and softness is a major concern. Clothesline Fresh Fabric Softener/Sanitizer is an EPA registered sanitizer that must be used according to strict guidelines. Clothesline Fresh Fabric Softener/Sanitizer is the right product for those facilities that need the extra power of a sanitizing agent as well as an anti-static softener also imparts fabric softness.

- At 20 oz. per 100 lbs of dry laundry, Softener/Sanitizer provides residual bacteriostatic activity that will help control odors caused by gram positive and negative bacteria. (For example, controlling the odor emanating from the diapers and bed linens of incontinent persons prior to rewashing.)
- At 5 oz. per 100 lbs dry laundry, Softener/Sanitizer provides residual self-sanitizing activity that kills 99.9% of the bacteria tested. (Staphylococcus aureus & Klebsiella pneumoniae).

### COMPLETE LAUNDRY SYSTEM:

Clothesline Fresh Fabric Softener/Sanitizer is best when used as a part of a 5 step, total laundry program. Combine with Clothesline Fresh Laundry Break, Detergent, Bleach, and Sour for best results. Clothesline Fresh Fabric Softener/Sanitizer is recommended for use in all front and top loading laundry machines.

### USER FRIENDLY PACKAGING

Clothesline Fresh Laundry Care products are packaged in translucent 5-gallon pails, 15 and 55-gallon drums. This package allows you to reorder with ease and always have the right amount of product on hand because it allows product level to be seen.

The translucent 5-gallon pails have a closure that allows for the insertion of dispenser tubing right into the pail, providing no chemical contact. This ability to insert dispenser tubing is also less time consuming and reduces the chance of product contamination because there is no need to punch large holes into the lid. Spartan also offers identification tags to place on dispenser lines for each Clothesline Fresh product for easy identification.

### STORAGE

Clothesline Fresh laundry products can be stored in a wide variety of environments and locations. Each product can withstand three freeze/thaw cycles without affecting the performance of the product.

### COLOR AND NUMBER SYSTEM:

Each Clothesline Fresh Laundry product has been color coded and number coded for easy product identification. All product information and literature, plus, each product label, carton and secondary label reflects this color and number, making training easier and faster.

### DIRECTIONS FOR USE:

#### DO NOT MIX WITH OTHER CHEMICALS.

Some individuals may be sensitive to ingredients in this product. Before use, read product label and MSD sheet. If questions remain, consult your employer or a physician.

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Clothesline Fresh Fabric Softener/Sanitizer is a concentrated formulation designed for use in commercial and institutional laundry operations by addition to the final rinse cycle. The residual self-sanitizing activity reduces the number of odor causing bacteria from wet contamination.

### Residual self-sanitizing level of bacterial control

Add 5 fluid ounces of this product per 100 lbs. of dry laundry to the final rinse cycle water.

### Residual bacteriostatic level of bacterial control

Add 20 fluid ounces of this product per 100 lbs. of dry laundry to the final rinse cycle water.

- Clothesline Fresh Softener/Sanitizer is not for use on children's sleepwear or other garments labeled as flame resistant, as it may reduce flame resistance.

**Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. If questions remain, consult your employer or a physician. Material Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or by visiting [www.spartanchemical.com](http://www.spartanchemical.com).**
