

10" X 18" HORIZONTAL MITER BAND SAW

Item Numbers 9683315

FEATURES	ADVANTAGES	BENEFITS
Heavy duty cast iron and steel construction	Minimal deflection & vibration	<ul style="list-style-type: none"> • Quiet operation • Lower maintenance costs • Improved accuracy
Moveable control panel	<ul style="list-style-type: none"> • Operator control panel can be used from either the front or back of the band saw • All controls are marked for easy identification & use 	<ul style="list-style-type: none"> • Greater operator convenience & safety • Increased throughput & productivity • Greater efficiency
Precision ball bearing & carbide blade guides with adjustable guide arms	<ul style="list-style-type: none"> • Easily adjustable ball bearing & carbide guides • Carbide pads positioned closest to the material being cut • Ensures maximum blade support • Ensures fast & easy positioning 	<ul style="list-style-type: none"> • Ensures proper blade alignment • Delivers consistent accuracy • Maximizes blade performance • Longer blade life
Adjustable hydraulic down feed system with adjustable counter balance spring	<ul style="list-style-type: none"> • Accurate fine feed control • Smooth consistent feed rate 	<ul style="list-style-type: none"> • Extends blade life • Improves accuracy of cut • Lower cost per cut
Variable speed drive	<ul style="list-style-type: none"> • Easy to change speeds • Allows operator to fine-tune blade speed to material being cut 	<ul style="list-style-type: none"> • Maximizes blade performance • Allows for faster cutting rates • Lowers cost per cut
Flood coolant system with chip brush	<ul style="list-style-type: none"> • Coolant through the blade guides • Fast, easy coolant flow adjustment • Reduces coolant splash 	<ul style="list-style-type: none"> • Maximizes cooling and chip removal from the blade • Maximizes blade performance & life • Greater operator convenience & safety • Cleaner work area
Quick acting vise	<ul style="list-style-type: none"> • Fast clamping action with conventional tightening • Miter capabilities up to 45 degrees 	Increased productivity & efficiency
Mitering saw head	<ul style="list-style-type: none"> • The workpiece remains fixed while the saw head miters for angle cutting • Ideally suited for jobs with multiple angle cuts & limited workshop space 	<ul style="list-style-type: none"> • Delivers consistent accuracy • Allows for faster set-ups • Increased throughput & productivity • Greater versatility & efficiency • Lower cost per cut
Longer saw blade	<ul style="list-style-type: none"> • 158" long blade delivers more cuts per blade 	<ul style="list-style-type: none"> • Longer blade life • Greater efficiency • Lower cost per cut
Easy blade installation & Tensioning	<ul style="list-style-type: none"> • Blade installs easily & quickly from top of machine • Easy to tension • Equipped with blade tension indicator which insures proper blade tension 	<ul style="list-style-type: none"> • Simple to use • Ease of maintenance • Improves operator safety • Maximizes blade performance • Results in longer blade life

10" X 18" HORIZONTAL MITER BAND SAW

Item Numbers 9683315

FEATURES	ADVANTAGES	BENEFITS
Deluxe work stop	<ul style="list-style-type: none">Easily adjustable to workpiece lengthAccurately handles both small & large workpieces	<ul style="list-style-type: none">Allows for accurate repetition of cutsDelivers consistent accuracyIncreases productivityLower cost per cut
Automatic shut off at the end of cut	Readies saw for set up of next cut	Greater operator convenience & safety
Speed & Pitch Saw Blade Selector	Provides easy selection of the saw blade, speed, feed and pitch tooth selection	<ul style="list-style-type: none">Improves accuracy of cutIncreases efficiency & performanceLonger blade life
