

## ANATOMY

Structure	Location	Function
Vocal cords	Larynx	Produce sound
Pharynx	Throat	Swallowing and breathing
Larynx	Throat	Sound production
Trachea	Chest	Respiration
Bronchi	Lungs	Respiration
Alveoli	Lungs	Gas exchange
Diaphragm	Chest	Respiration
Heart	Chest	Circulation
Aorta	Chest	Circulation
Veins	Body	Circulation
Capillaries	Body	Circulation
Arteries	Body	Circulation
Veins	Body	Circulation
Capillaries	Body	Circulation
Arteries	Body	Circulation
