SAFETY NOTICE

Please read and understand the following safety information before operating this unit.

🚫 The device is suitable for 12V power supply (requires grounding).Do not connect it to 24V power supply in trucks or buses, or else it will be damaged.

❗ Please use genuine discs instead of incompatible discs or the device will be damaged and/or the service live will be shortened.

❗ Do not replace the fuse without the guidance of qualified personnel or the device may be damages and/or catch fire.

⚠ Please follow the traffic laws and regulations and do not watch programs or operate the device when you are driving to avoid accidents(excluding passengers watching through rear monitor).

❗ To ensure safety and normal device operation, please ask qualified personnel to install the device. Do not disassemble or repair the device without authorization. To avoid damage and accidents. please contact a local car audio distributor for details.

🚫 Do not put the device in a moist environment or water. To avoid electric shock, damage, and/or fire due to a short circuit.

🚫 The mechanical drive part of the monitor uses an automatic precision transmission component.Do not pull,push or rotate the device by force or impact the TFT screen to avoid damaging the device.

❗ Do not insert the audio plug of the vehicle into the master unit directly. Please convert with the dedicated end cable provided by our company.

❗ When installing the unit, prevent metal objects from falling into the master unit from the vents to avoid a short circuit and damaging the device.

Safety Statement

🚫 For the safety of yourself and others, do not watch programs or operate the device when you are driving. It is prohibited by law.

❗ The back up monitor function should be used as an auxiliary view only. We are not responsible for any accidents occurred during backing.
