## TASKI® Dry Foam Carpet Care System

The TASKI Dry Foam Carpet Care System is the first low-moisture carpet care system that delivers both excellent interim and near extraction quality cleaning. Providing unbelievably fast dry times, the system minimizes interruptions to foot traffic and can reduce labor and costs.

### Features & Benefits

- Carpet drying times under 25 minutes for interim cleaning and 35 minutes for near extraction level cleaning allows for a 90% downtime reduction and provides for quicker operations and area turn-over
- The system can easily be transformed into a hard floor machine, increasing versatility and productivity
- An ergonomically-formed grip, adjustable handle, low vibration and noise levels ensure comfort and safety
- Special dry foam brushes with a glide plate help protect the carpet by reducing drag and increasing efficiency
- Complete system represents a 93% water reduction compared to traditional wet extraction methods, an 86% chemical reduction with the use of TASKI Dry Foam Carpet and Upholstery Cleaner and a 36% cleaning productivity improvement, leading to significant cost savings and low total cost of ownership
- CRI (Carpet & Rug Institute) approved to work on all carpets

### Applications

- Ideal for use in hotels and hospitality to minimize interruptions in foot traffic and utilize fast dry times yielding quick guest room turnover
- Can also be used on carpets in retail stores, schools and office buildings
