Care & Maintenance

LOCATION: Only use on a flat, level surface. Be mindful of where the unit is placed, leaks and/or run-off from planters can damage surfaces.

MOVING: Always remove plants before moving this stand. Do not drag the stand as doing so will damage the finish and could weaken assembly points.

CLEANING: Wipe with a soft, damp cloth. For stubborn dirt, mix 1 part distilled vinegar with 4 or 5 parts warm water. Gently scrub the stand using the solution and a soft cloth. Thoroughly rinse the unit. Use a soft, lint-free cloth to dry the unit or allow it to air dry.

EXPOSURE: Over time, sunlight and weather elements may degrade and change the color of this product. Exposure to moisture may also cause hardware to rust. Manufacturer is not liable for damage caused by exposure to weather elements.

Periodically check all bolts and tighten as necessary.

MAINTENANCE: During winter & freezing temperatures, move unit to a dry, indoor location. Cover unit to prevent dust build-up.

SCRATCHES: The powder coating is tough and durable but, even under normal use, some scratching is inevitable. Scratches can be repaired with rust-resistant paint (not included).

WARNING: THE ONE-YEAR WARRANTY DOES NOT COVER DAMAGES OR DEFECTS CAUSED BY THE APPLICATION OF CHEMICAL TREATMENTS, PROTECTIVE COATINGS, TOUCH-UP PAINT, OR CLEANING PRODUCTS.
