

Exam Room Flags

Durable | Customizable

Carstens exam flag sets facilitate efficient and clear communication among staff in all types of medical facilities. With durable, vibrantly colored steel flags that extend 8" away from the wall, staff can quickly identify key information about a room's status and occupant with just a glance.

Features:

- Available in 3, 4, 6, 8, or 12 flag sets
- Each flag rotates independently up to 180°
- Made from durable powder-coated steel
- Mounts easily to any wall
- Customizable options include flag colors and text
- 3-year limited warranty

Create Your Ideal Signal System

Colors That Communicate

Carstens exam signal flags feature fully saturated colors chosen specifically to maximize contrast against backgrounds and be easily distinguishable for exceptional clarity.

Durable Performance

We use only sturdy steel construction for our flags and mounting brackets. They're made to withstand heavy use for years, and they're backed by a 3-year warranty.

Completely Customizable

Choose from 12 color options, sequenced any way you like, and add custom text to each flag (printed on both sides) to create a communication system that best suits your facility's needs.

12 vibrant color options
Up to 18 characters white or black text

Exam Room Flags

Enhance Your Communication

Carstens exam room flags are a simple and cost-effective way to instantly improve the efficiency and accuracy of vital communications in any facility.
