

# Theracurmin™ Pro-60

Helps Relieve Inflammation

Highly Bioavailable

60 mg

## Product Summary

The limiting factor in curcumin's efficacy has been its poor systemic bioavailability as it is poorly absorbed in the gastrointestinal tract and rapidly metabolized.<sup>1,2</sup> Advanced manufacturing techniques have reduced its particle size over 100-fold, and combining the use of natural emulsifiers to form a colloidal suspension has tremendously increased curcumin's bioavailability, significantly increasing blood levels of curcumin many times that of other preparations, including so-called enhanced forms of curcumin.<sup>3</sup> Theracurmin increases curcumin levels in a linear and dose-dependent manner, bypassing previous limits to curcumin supplementation to achieve unparalleled blood levels of curcumin.

## Unique Features

- Number one absorbed form of curcumin
- Utilizes patented, natural colloidal dispersion technology to enhance bioavailability and dramatically increase curcumin levels in the blood
- Advanced manufacturing techniques increase free curcumin blood levels in a dose-dependent linear relationship
- Curcumin modulates an impressive number of molecular targets – enhanced absorption allows for significantly greater potency and therapeutic effect
- Suitable for vegetarians/vegans

## Theracurmin™ Pro-60

Helps Relieve Inflammation

60 Vegetarian Capsules

Code: 9248

NPN: 80045839

## Supplement Facts

Serving Size: 1 Vegetarian Capsule  
 Servings per Container: 60

### Each Capsule Contains:

Theracurmin™ Curcumin\* from Tumeric (*Curcuma longa*) (rhizome).....60 mg  
 \*A highly bioavailable form of curcumin – the most active curcuminoid in turmeric

**Non-medicinal Ingredients:** Vegetarian capsule (carbohydrate gum [cellulose], purified water), microcrystalline cellulose, silica, croscarmellose sodium, vegetable grade magnesium stearate (lubricant).

**Contains no artificial colours, preservatives, or sweeteners; no dairy, starch, sugar, wheat, gluten, yeast, soy, egg, fish, shellfish, animal products, salt, tree nuts, or GMOs. Suitable for vegetarians/vegans.** Sealed for your protection. Do not use if seal is broken. For freshness, store in a cool, dry place.

**Recommended Adult Dose:** 1 capsule per day or as directed by a health care practitioner.

**Recommended Use:** Helps relieve inflammation. Theracurmin is a natural curcumin preparation that utilizes advanced techniques to reduce curcumin’s particle size, dramatically increasing its solubility and bioavailability. Detailed absorption studies have proven that Theracurmin is the best absorbed form of curcumin on the market.‡

‡ Scientific scrutiny revealed that Theracurmin was more bioavailable on a milligram-to-milligram basis than other leading◊ enhanced and regular forms of curcumin.

◊ As measured by SPINS 2014 data.

**Contraindications:** Consult a health care practitioner prior to use if you are pregnant, taking antiplatelet medication, blood thinners, have gallstones, bile duct obstruction, stomach ulcers or excess stomach acid. Keep out of reach of children.

**Drug Interactions:** Caution is advised when taking with anticoagulant medications. Curcumin has been shown to enhance the effect of some chemotherapeutic medications, as well as inhibit the effect of others, and should only be used under medical supervision by those receiving chemotherapy. A reduction in the dose of medications used to treat diabetes may be necessary, as curcumin enhances the effect of insulin.
