

# JONES STEPHENS ADJUSTABLE SHOWER RODS

## DURABLE

Constructed of steel and finished with a powder coating, this rod is designed to be long-lasting.

## HIGH QUALITY

The rubber end caps provide a firm, non-slip grip to the wall or tile without the risk of chips or scratches.

## EASY INSTALLATION

Installation is quick and easy with no special tools required.

Upgrade your space with Jones Stephens' adjustable spring tension rod. The tension rod extends from 36" up to 63" and is ideal for use with a shower curtain, but can also be used for window curtains, room dividers, and more.

## Available in Bone or White
