Safety Information

SAVE THESE INSTRUCTIONS

For your safety, always remember to:

- READ AND FOLLOW ALL SAFETY INSTRUCTIONS.
- Read and follow all instructions that are on the product or provided with the product.
- To ensure reliable power delivery use a class 2 power supply adapter with this product.
- The adapter is not intended to be repaired by service personnel in case of failure or component defect (unit can be thrown away).
- Unplug from outlet before installing the product.
- Do not use in a bathroom.
- This product is NOT a toy.
- Do not open the product. Use only as intended.
- Do not roll up the product when using. Spread out to full length before connecting power supply.
- Do not operate if any component is damaged.

CAUTION:

- Use the provided adhesive and tools provided with the product.
- Route and secure cords that they will not be pinched or damaged when furniture is pushed to the wall.
- When mounting lights on furniture ensure product caution remains visible.
- Not intended for recessed installation in ceilings.
- Electrical codes do not permit cords to be concealed where damage to insulation may go unnoticed.

To prevent fire danger, do not run cord behind walls, ceilings, soffits, or cabinets where it may be inaccessible for examination. Cords should be visually examined periodically and immediately replaced when any damage is noted. Only use the control provided with or specified by the instructions to control this Tape Light. This product will not operate properly when connected to a dimmer or dimming control.

Product Specifications:

- Input: DC 5V 2A MAX
- Not Dimmable (Dimmable only through app or remote)
- Suitable for indoor use

WARNING: RISK OF SHOCK. House electric current can cause painful shock or serious injury unless handled properly.

FCC STATEMENT

Supplier's Declaration of Conformity:

47 CFR § 2.1077 Compliance Information
Responsible Party: Feit Electric Company
4901 Gregg Road, Pico Rivera, CA 90660, USA
www.feit.com

Unique Identifier: TAPE60TCOB/RGBUSB/AG

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help. Warning: Any changes or modifications not expressly approved by the manufacturer could void the user's authority to operate the equipment.

⚠ WARNING

- **INGESTION HAZARD:** This product contains a button cell or coin battery.
- **DEATH** or serious injury can occur if ingested.
- A swallowed button cell or coin battery can cause **Internal Chemical Burns** in as little as **2 hours**.
- **KEEP** new and used batteries **OUT OF REACH OF CHILDREN**
- **Seek immediate medical attention** if a battery is suspected to be swallowed or inserted inside any part of the body.

**USES ONE 3V, TYPE
CR2032 BATTERY**

CAUTION:

Dispose of used battery promptly according to local recycling or waste regulations. Clean battery contacts and also device contacts prior to installing battery. Ensure the battery is installed correctly with regard to polarity (+ and -). Remove battery from remote when not being used for an extended period of time. Remove used battery promptly. The LEDs in this strip light are not replaceable.

- **WARNING - KEEP BATTERIES OUT OF THE REACH OF CHILDREN.**
- Remove immediately recycle or dispose of used batteries according to local regulations and keep away from children. Do NOT dispose of batteries in household trash or incinerate.
- Even used batteries may cause severe injury or death.
- Call a local poison control center for treatment information if needed.
- Always purchase the correct size and type of battery most suitable for the intended use.
- Non-Rechargeable batteries are not to be recharged.
- Do not force discharge, recharge, disassemble, heat above 45°C/113°F or incinerate. Doing so may result in injury due to venting, leakage or explosion resulting in chemical burns.
- Ensure the batteries are installed correctly with regard to polarity (+ and -).
- Do not mix old and new batteries, different brands or types of batteries, such as alkaline, carbon-zinc, or rechargeable batteries.
- Remove and immediately recycle or dispose of batteries from equipment not used for an extended period of time according to local regulations.
- Always completely secure battery compartment. If battery compartment does not close securely, stop using the product, remove the batteries, and keep them away from children.

Radiation Exposure Statement

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment. This device should be installed and operated with a minimum distance of 20cm between the radiator and your body.

Limited Warranty

This product is warranted to be free from defects in workmanship and materials for up to 1 year from date of purchase. If the product fails within the warranty period, please contact Feit Electric at feit.com/help for help. REPLACEMENT OR REFUND IS YOUR SOLE REMEDY. EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ANY IMPLIED WARRANTIES ARE LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY. LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES IS HEREBY EXPRESSLY EXCLUDED. Some states and provinces do not allow the exclusion of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state or province to province.

Pre-Installation

PLANNING INSTALLATION

It is important to read these guidelines completely to understand how color changing LED tape lighting works.

TOOLS REQUIRED (NOT INCLUDED)

Scissors

NOTE: Hardware not shown to actual size.

HARDWARE INCLUDED

AA

BB

CC

DD

| Part | Description | Quantity |
|------|--------------------|----------|
| AA | 5ft. Tape Light | 1 |
| BB | RF Remote Control | 1 |
| CC | Adhesive Tape Roll | 1 |
| DD | Pry Tool | 1 |

Tape Light Installation

1 Connect USB to Power Supply

- Connect the USB to a USB Wall Charger (Not Included) as shown in the image below.

2 Prepare the Strip Light

- Clean the mounting area thoroughly (surface must be free of dust, dirt, or grease).
- Avoid areas where the strip light can be pierced which may damage the LEDs.
- Avoid removing and relaying the strip light multiple times as the adhesive may wear off.

NOTE: Avoid making sharp bends with the tape light. Instead, make gradual, rounded turns to prevent damage.

3 Installation

- Take your double sided tape and unroll it slowly. The sticky side should go on the flat underside of the tape light. You can point the light either towards you or away from you, depending on your preference.

WARNING: This strip light uses permanent tape and may cause surface damage if removed. Not recommended for mounting on brick or concrete. Feit Electric is not responsible for damage to mounted surfaces.

WARNING: Tape light is not cuttable, only the double sided adhesive is meant to be cut.

Car Installation

Confirm the installation position. Ensure tape reaches the power source in the car. Do not connect to power yet.

Using the included pry tool, open up the gap. Avoid applying excessive force with the tool to prevent damage.

Insert the tape light into the gaps of your dashboard.

Remote Operation

1 Functions of the Remote

- The remote (CC) does require line-of-sight to operate the lights.

NOTE: Use the up and down arrow keys to adjust brightness in solid colors, control speed in effects, fine-tune sensitivity in music sync mode, and set the active length of the tape in IC settings to determine how much of it is used for effects and colors.

| | | | | | | | |
|--|---|--|---|--|------------------------------------|--|--------------------------------------|
| | Increase Speed/ Increases Brightness | | Increase Speed/ Increases Brightness | | Mixed White | | On/Off |
| | Adjust Length of Strip Light | | On/off Alternating Color Change | | On/off Alternating Color Change | | Cycles Through All the Modes |
| | Cycles Through Solid Colors | | Meteor Effect Going Left | | Meteor Effect Going Right | | Switches Between Effects |
| | Solid Red, Green, Blue segmentation | | Stack Effect Going Left | | Stack Effect Going Right | | Quickly Jumps Between Colors |
| | 7 Color Segmentation | | Flow Effect Going Left | | Flow Effect Going Right | | Slowly Transitions Between Colors |
| | 16 Color Segmentation | | Tail Effect Going Left | | Tail Effect Going Right | | Meteor Effect with Color |
| | Music Sync 1 | | Music Sync 2 | | Music Sync 3 | | Music Sync 4 |

How to adjust the tape light length.

1 While on press the IC set button.

2 Using the up and down arrow keys adjust the length of tape you want to use.

3 Press IC set again to save.

Controller Module Button

- Click once to turn on/cycle effects.
- Double-click to turn off.
- Hold for about 5 seconds to enter pairing mode/reset mode (unit should be flashing red) .

NOTE: Thin COB remembers how you last used it—whether it was on or off, and any colors or effects you had.

Getting Started:

1 Download the Feit Electric App on Your Smart Device

Feit Electric app

2 Install Your Smart Ultra Thin Chasing strip light

- See "Installation" Section on page 4.

3 Plug in Your Smart LED Tape Light

You are now ready to use the smart LED tape light via Remote. See "Remote Operation" section for more details.

To activate smart features proceed to steps 4 & 5.

Need Help?
