

Drain Maintainer

GTS1

For Drains and Grease Traps

A multiple-strain blend of bacteria formulated to attack the soils commonly associated with build-ups in pipes and grease traps. Regular use will decrease the frequency of cleaning out grease traps and eliminate slow-flowing drains.

Features & Benefits

- Significantly extends the manual cleaning cycle
- Restores normal flow rate to slow drains
- Reduces the demand for further downstream waste processing
- Non-toxic, non-corrosive, non-caustic and safe for general commercial and industrial use
- Highly concentrated formula gives greater economy in use

Applications

- Automatic application through a dispensing pump is recommended for best results
- Maintains drains, grease traps, and septic fields

Suma[®] Drain Maintainer GTS1

For Drains and Grease Traps

Use Instructions

Drain and Grease Trap Maintenance

- During initial start-up, manually dilute product at a rate of 1:3 with warm water and pour about 1 gallon (3.78 L) of diluted solution down each floor drain in the facility
- Dose daily at a rate of 5 – 30 oz. / day (148 mL – 886 mL/day) into the drain, trying to get the product past the P-trap in the drain line at the drain closest to the grease trap. Dose at the higher end of the range for the first 2 weeks of treatment and then gradually lower the rate as the bacteria population is built in the drain system.
- Odor reduction should be noticeable within 24 hours after the initial dosing

Septic Tanks

- Dose daily at a rate of 0.05 - 0.17 oz. per gallon (1.48 – 4.7 mL / 3.78L) of septic tank capacity, depending on the soil load in the septic tank
- In food processing or handling areas, all food products and packaging materials must be removed or carefully protected prior to use
- Not for use on food contact surfaces or direct food contact

For Food Plant Use

- Avoid contamination of food during use or storage.

Technical data	Suma [®] Drain Maintainer GTS1
Certifications	CFIA; Kosher; Halal
Color/Form	Green liquid
pH	8.5
Scent	No fragrance added
Shelf Life	2 Years

Product	Pack size	Dilution	Product code	
Suma [®] Drain Maintainer GTS1	1 x 5 gal. / 18.9 L Pail	Ready-to-use	5640023	
Suma [®] Drain Maintainer GTS1	4 x 1 gal. / 3.78 L Containers	Ready-to-use	4485501	

Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at www.diversey.com or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate. Please refer to the Diversey HazMat Library, only available through Internet Explorer, <http://naextranet.diversey.com/dot/>, for up-to-date shipping information.
