

50 PSI COMPRESSOR

The Dynarex Resp-O₂™ 50 PSI Compressor is a top-quality respiratory device, engineered to efficiently deliver high-pressure compressed air on a continuous basis. The powerful Compressor is designed to administer humidified air or aerosolized medication into patients' airways to aid in the treatment of respiratory conditions. The Compressor is easy to clean and features a sleek, lightweight design for convenient portability. The Compressor features an oil-less piston motor for quiet, low-vibration operation. The Dynarex Resp-O₂™ Compressor includes a U-shaped DISS adaptor for optimal connectivity.

- Powerful compressor delivers high-pressure compressed air for extended periods of time
- Designed to efficiently deliver humidified air or aerosolized medication
- Sleek, lightweight design (14.9 lb.) allows for optimal portability
- Oil-less piston motor provides quiet, low-vibration operation (noise level of <49.5 dB)
- U-shaped DISS adaptor for optimal connectivity
- Includes two extra air intake filters for added convenience
- Easy to wipe clean for optimal hygiene
- Ideal for use with heated nebulizers, humidifier/nebulizers, and mist tents

REORDER NO. 33952

PACKAGE QUANTITY
1/Case

AIR FLOW @ 0 PSI	37 LPM
AIR FLOW @ 50 PSI	17 LPM
PRESSURE	0-95 PSI
PRESSURE DISPLAY	Analog Gauge
POWER REQUIREMENTS	110-120V (60 Hz)
SIZE (L) x (W) x (H)	14" x 7.5" x 12.5"
WEIGHT	14.9 lb.
EQUIPMENT CLASSIFICATIONS	Class II
ELECTRICAL HAZARD PROTECTION CLASS	Type B
DEGREE OF PROTECTION AGAINST THE INGRESS OF WATER	IP21

Accessories sold separately.
