

Over & Under[®] Plus

Floor Sealer

Over & Under[®] Plus Floor Sealer penetrates, seals and protects all finishes used on resilient flooring.

Features & Benefits

- Enhances the appearance of your floors by penetrating, sealing and protecting your finishes, extending the life of new and older flooring
- Improves performance of floor finishes by providing better adhesion, leveling and enhances gloss of all floor finishes
- Easy to apply and easily removed with all Diversey strippers
- Non-solventated, suitable for use on wide range of flooring

Applications

- Sealer for use on all finishes used with resilient flooring

Over & Under[®] Plus

Floor Sealer

Use Instructions

Applying Floor Sealer

- Clean or strip floor using Diversey brand stripper according to label directions
- Apply one coat of Over & Under[®] Plus Floor Sealer using a clean mop or TrailBlazer^{™/MC} Floor Finish Applicator
- Allow 30 minutes drying time between coats
- After a minimum of 2 coats of Over & Under[®] Sealer, top coat with 2–3 coats of a recommended Diversey floor finish according to label directions

Maintenance

- Dust mop or sweep the floor as necessary
- Clean floor with appropriate Diversey brand cleaner according to label directions
- Maintain the finish gloss using periodic recoating, spray buffing or burnishing according to finish label

Precautions

- Do not dilute
- Always test Over & Under[®] Plus Floor Sealer on a small area of the floor to be finished before finishing the entire floor
- Intended for interior surfaces only
- Do not apply to exterior or vertical surfaces, or use on wood, cork and concrete floors
- Will not adhere to floors previously finished with a paste wax, paste wax must be removed by a thorough stripping before sealer can be applied
- Do not use on surfaces colder than 45° F (7° C)
- Do not return unused product to original container
- Floors can become slippery when wet, clean up spills promptly
- Keep from freezing
