

# APP USER GUIDE

## Smart Color Strip Light

Feit Electric App

For 24/7 customer support, visit [feit.com/help](http://feit.com/help)

**System Requirements**  
Minimum: iOS 11.0, Android™ 6.0 Marshmallow or higher  
- Dedicated 2.4GHz Wi-Fi Network -

Your screen images may differ from this user guide.

BEFORE USING THIS USER GUIDE SEE INCLUDED INSTALLATION GUIDE FOR PROPER PRODUCT INSTALLATION.

NOTE: Only works with 2.4GHz Wi-Fi networks.

Go to your Wi-Fi settings and connect your phone to your 2.4GHz Wi-Fi network.

## Set Up Device

- Download the **Feit Electric** app.
- Launch the **Feit Electric** app. Enter an email address to register, then tap **Continue**. A verification code will be sent to your email.
- Create a password then tap **Done**.

## Permissions & Location Access

Allow notifications (highly recommended).

Allow the **Feit Electric** app to access your location to help connect your Color Strip Light.

## Enable Bluetooth

on your smart device to facilitate simple pairing.

## Simple Pairing Mode

1 Make sure the Color Strip Light is blinking, then tap **Add Device** or the plus icon (+) on the upper right corner.

NOTE: If your Color Strip Light is not blinking make sure it is on by pressing the power button on the control module. Then press and hold the power button until the unit starts blinking.

2 The Color Strip Light name(s) will appear in a small window for simple pairing enabled devices. Tap **Go to add**.

3 Select one Color Strip Light from the list. Tap the plus icon (+).

4 After confirming that you are on a 2.4GHz Wi-Fi network, enter your password then tap **Confirm**.

5 The status window will appear and show progress toward set-up.

6 To rename press next, tap the **Pen** icon, enter the new name and tap **Done**. The Color Strip Light is now ready to be controlled with the **Feit Electric** app.

NOTE: Constant power to the Color Strip Light is required at all times.

## Alternative Set-up Method EZ Mode

1 Tap the plus icon (+) in the upper right corner.

NOTE: Use EZ Mode to set up multiple smart products at the same time or if there are issues with simple pairing.

2 Tap **Lighting**, then select **Chasing Strip Light**.

3 Tap the upper right corner and make sure you have **EZ Mode** selected. Follow steps 4-6 from **Simple Pairing Mode** to complete setup.

## Alternative Set-up Method AP Mode

1 Tap the plus icon (+) in the upper right corner.

2 Tap **Lighting**, then select **Chasing Strip Light**.

## Modify

7 Tap **Add +** from the top right of your screen. Choose a Scene style option from the top of your screen (**Gradient, Jump, Breathe, Flashing, Flowing, Rainbow, Meteor, PileUp, Falling, Follow, Flutter, Flash, Rebound, Shuttle, Random or Switch**). Tap **Preview** to view the effect on your Chasing Strip Light. Tap **Save** in the top right of your screen to lock in desired effect.

A Desired Scene colors, you can choose up to 8. Tap **Preview** to view the **Scene**.

B Select **Scene** sequence customization options by selecting desired option(s) below the color bar. Options will vary based on **Scene** type.

3 Choose **AP Mode**. Make sure your Color Strip Light is in AP pairing mode. Tap **Confirm** then tap **Next** to go on to the next step.

NOTE: If the Color Strip Light is flashing, hold the control module power button again for another 8 seconds to enter in AP mode.

4 Enter the name of your 2.4GHz Wi-Fi network, enter your password and tap **Next** to begin connecting.

NOTE: Your Wi-Fi network name and password are case sensitive.

5 Tap **Go connect**. In your smart device's Wi-Fi settings, choose the **SmartLife-XXXX** network.

6 In your smart device's Wi-Fi settings, choose the **SmartLife-XXXX** network. After you have connected to **SmartLife**, return to the **Feit Electric** app.

NOTE: After connecting the Color Strip Light, your smart device will automatically rejoin your original 2.4GHz network.

## Features

1 **Individual Color Strip Light On/Off**

Tap the Color Strip Light icon to turn the Strip Light On/Off.

2 **Individual Color Strip Light Operation**

Press and hold the Color Strip Light icon for two seconds to enter operation.

## Dimming

3 Tap and hold the **Dimming** bar at the bottom of the screen. Slide the dimming bar left or right to set the brightness level. Tabs above the dimmer bar allow you to choose desired colors or color combinations.

## Custom Color Changing

4 Tap the brush icon as shown below on your screen. Tap your desired color. Then tap the Color Strip Light sections to fill in with your desired color.

A Tap the eraser icon as shown below on your screen. Tap the Color Strip Light sections that you would like to change. The color will disappear from those sections after you tap them.

## Music

5 Tap the **Music** icon to sync your light with the rhythm of music. Your smart device must remain on the **Music** screen for continuous synchronization.

## Scene

6 Tap the **Colour** icon in the bottom of the screen. Select a DIY option (**Scenery, Life, Festival, Mood or White**) from the top of your screen. Tap the desired Scene from the middle of your screen.

## Plan

8 Tap the **Other** icon in the bottom right of your screen.

A Tap **Plan**.

B Tap the **Countdown off** toggle button.

C Set the countdown to turn the light off by scrolling up or down on the **Hour, Minute and Second**. Tap **Save** in the upper right hand corner once you have set your desired time.

## Color Strip Light Length

9 If your Color Strip Light has been cut, or you added another Color Strip Light, adjust the Actual Length by dragging the bar slider to match the current light length. Then tap **Confirm**. Set 6m for one full-length Color Strip Light and 12m for two full-length Color Strip Lights.

## Groups

1 Tap the **Groups** icon at the bottom of the app home screen.

NOTE: To create groups you will need at least two Color Strip Light. You can only group a Color Strip Light with other Color Strip Lights.

2 Tap on **Create Group**.

3 Tap on **Color Strip Light**

4 Select the Color Strip Light that you want to group.

5 Tap the group name and enter the name of the group.

5 When finished, tap **Save** in the upper right corner.

6 Remove individual Color Strip Lights by tapping on the icon (-) next to each Color Strip Light's name.

### Home Management

1 Tap **Home** from the main menu, then tap **Location Management**.

2 Tap **Add Location** to indicate where the bulbs are located.

### Smart Scenes

1 From the **My Home** page, tap **Smart Scenes** at the bottom of screen.

**NOTE: Use Smart Scenes to set up an action or group of actions.**

2 In the **Smart Scenes** tab, tap the plus icon (+).

3 Tap on **Launch Scenes**.

4 Tap on **Control Single Device**.

5 Select your device to initiate an action.

6 On the **Select Function** screen, tap on the action you want the device to perform.

A On the Switch screen, tap On or Off.

7 Review your scene, edit them if necessary, then **Save**.

8 Your action(s) will appear under **Scene** tab.

A It will also appear on the top of your **My Home** screen. Tap to execute your action(s).

### Automation

1 From the **My Home** page, tap **Smart Scenes** at the bottom of screen.

**NOTE: Use Automation to initiate an action based on certain conditions (Sunrise/Sunset, Location Change, Schedule, Device Status, etc.).**

2 Tap **Automation** at the top of the screen, and then tap on plus icon (+).

3 Set a **condition** you would like to trigger.

4 Set up a **task** you would like to automate.

5 Review your automations, edit them if necessary, then **Save**.

6 Your automation will appear under the **Automation** tab.

### Enable Siri Shortcuts® (for use with iPhone)

1 From the **My Home** page, tap **Smart Scenes** at the bottom of screen.

**NOTE: Use Siri to activate a scene through voice control. If you have not created a scene, see the Smart Scenes section.**

2 In the **Scene** tab, tap **Add to Siri** located at the bottom of the screen.

3 In the **Siri Shortcut** screen, tap on the action you would like to add to **Siri**.

4 On the **"Hey Siri"** screen, tap on the device name to edit it. Tap **Done** at the bottom of the screen.

5 Now you can use the **"Hey Siri"** command to control this action from your iOS device. **"Hey Siri, turn on Color Strip Light."**

### CONNECT TO ALEXA

1 Tap on **Profile** at bottom right. Tap on **Alexa**.

**NOTE: Sign in to Amazon Alexa. If you do not have an account with Amazon, please create one.**

2 Tap on **Link with Amazon Alexa**.

3 Tap on **Link**. You will be linked automatically to your Amazon Alexa app.

**NOTE: Additional devices will be added automatically when added to the Feit Electric app.**

### CONNECT TO GOOGLE ASSISTANT

1 Tap on **Profile** bottom right. Tap on **Google Assistant**.

**NOTE: Sign in to Google Assistant. If you do not have an account with Google, please create one.**

2 Follow the instructions to activate Google Home. You can also add the device directly in the Google Home app and link the Feit Electric app from there.
