

Safety

See safety datasheet (if applicable) and product label for safety information, handling and proper use.

Directions for Use

For removal of industrial grease, grime, hard-to-remove deposits, oil, dirt, soot, and stains from all washable surfaces (floors, walls, tables, etc.). Low foaming for use in automatic scrubbers - phosphate free - non-combustible. Light Cleaning: Dilute 1:32 (4 oz/gal). Normal Cleaning: Dilute 1:16 (8 oz/gal). Heavy Cleaning: Dilute 1:10 (12 oz/gal).

Formulated to take on the challenges of industrial cleaning. L.F.D. is perfect for use in auto scrubbers. As its name implies, it's a low foam degreaser that allows for enhanced productivity by keeping foam in the recovery tank to a minimum. This means more time spent cleaning and less time spent refilling. L.F.D. can also be used in a mop bucket or trigger sprayer to spot-clean areas where an autoscrubber is impractical.

Features & Benefits

- Keeps foam in the recovery tank to a minimum.
- Butyl-based formula works quickly to remove industrial soils.
- Concentrated for economical cost-in-use.

Item Number & Unit of Measure

Item Number	HIL0048106
Unit of Measure	1 gal Bottle

Specifications

Color	Colorless
Appearance	Clear
Fragrance	Wintergreen
Formula Type	Liquid
Dilution Ratio	1:32 - 1:5
PH	11.00 - 12.00
Non-Volatile Matter	9.00 - 10.00%
