CHOOSING A LOCATION

Before assembly, carefully choose the location of the bird bath. Select a flat, level surface. If placing the bird bath on a rough surface, such as on decorative rocks, we highly recommended using a large stepping stone or paver to prevent damaging the finish and tipping over.

If you need to move the bird bath, empty the bowl and carry it by the pedestal; lifting the assembled bird bath by the bowl or decorative bird could damage to the unit.

ASSEMBLY

1. Align the threaded end of the pedestal with the base and twist to secure.
2. Align the bowl with the top of the pedestal and twist to secure.
3. Remove the nut from the bottom of the bird. Align the bird with the center of the bowl and secure it with the nut.

CLEANING

Cleaning 1-2 times per week is recommended.

1. Wash the bowl using warm water and a soft cloth.
2. Rinse the bowl thoroughly with running water.
3. Fill the bowl with fresh, clean water.

⚠ IMPORTANT INFORMATION ⚠

- Do not install the bird bath on uneven surfaces or loose soil.
- Do not use a pressure washer, harsh chemicals, or abrasive materials to clean the bird bath.
