

## ANSWERS

### ANSWERS

1. The first part of the diagram shows a network of nodes and connections. The nodes are labeled with letters and numbers. The connections are shown as lines between the nodes. The second part of the diagram shows a similar network, but with different connections. The nodes are labeled with letters and numbers.

### ANSWERS

1. The first part of the diagram shows a network of nodes and connections. The nodes are labeled with letters and numbers. The connections are shown as lines between the nodes. The second part of the diagram shows a similar network, but with different connections. The nodes are labeled with letters and numbers.
