

# POLYRESIN BIRD BATH WITH FEEDER COMPARTMENT LZH-5441

Review all assembly and care information before using this product. Save this manual for future reference.  
**Assemble components on a soft, clean surface to avoid damaging the finish.**

Inspect packaging to ensure all parts are accounted for before disposing of packing materials.  
 Save the packing slip.

| PARTS           | QTY. |
|-----------------|------|
| Bowl            | 1    |
| Pedestal        | 1    |
| Decorative Bird | 1    |

## CHOOSING A LOCATION

Before assembly, carefully choose the location of the bird bath. Select a flat, level surface. If placing the bird bath on a rough surface, such as on decorative rocks, we highly recommended using a large stepping stone or paver to prevent damaging the finish and tipping over.

When moving the bird bath, empty the bowl and carry it by the pedestal; lifting the assembled bird bath by the bowl may damage the unit.

## ASSEMBLY

1. Align the tabs on the bowl with the notches in the basin, twist clockwise to lock in place.
2. Install the bird onto the bowl, as shown.

## CLEANING

Cleaning 1-2 times per week is recommended.

1. Wash the bowl using warm water and a soft cloth.
2. Rinse the bowl thoroughly with running water.
3. Fill the bowl with fresh, clean water.

**If either of the compartments is used as a bird feeder, ensure the compartment is completely dry before adding seed.**

## ⚠ IMPORTANT INFORMATION ⚠

- Do not install on uneven surfaces as doing so could cause the unit to tip over.
- Do not use a pressure washer, harsh chemicals, or abrasive materials to clean the bird bath.
- During freezing weather, empty and store indoors; allowing ice to form on polyresin may cause it to crack and break.
- Manufacturer is not liable for damages or defects caused by exposure to weather elements.

**Any modification to the product or failure to follow recommended care will void the product warranty.**

## ⚠ WARNING:

Manufacturer and seller expressly disclaim any and all liability from personal injury, property damage or loss, whether direct or indirect, or incidental, resulting from the incorrect attachment, improper use, inadequate maintenance, or neglect of this product.
